(5) Whenever property, real or personal, is held in the joint names of two or more persons, or is deposited in banks or other institutions or depositaries in the joint names of two or more persons and payable to either or the survivor, upon the death of one of such persons, the right of the surviving joint tenant or joint tenants, person or persons to the immediate ownership or possession and enjoyment of such property shall be deemed a transfer taxable under the provisions of this act in the same manner as though the whole property to which such transfer relates belonged absolutely to the deceased joint tenant or joint depositor and had been devised or bequeathed to the surviving joint tenant or joint tenants, person or persons, by such deceased joint tenant or joint depositor by will, excepting therefrom such part thereof as may be proved by the surviving joint tenant or joint tenants to have originally belonged to him or them and never to have belonged to the decedent.

(6) Whenever any person, trustee or corporation shall exercise a power of appointment derived from any disposition of property made either before or after the passage of this act, such appointment, when made, shall be deemed a transfer taxable under

the provisions of this act, in the same manner as though the property to which such appointment relates belonged absolutely to the donee of such power, and had been bequeathed or devised by such donee by will; and whenever any person, trustee or corporation possessing such power of appointment so derived shall omit or fail to exercise the same within the time provided therefor, in whole or in part, a transfer taxable under the provisions of this act shall be deemed to take place to the extent of such omission or failure, in the same manner as though the persons, trustees or corporations thereby becoming entitled to the possession or enjoyment of the property to which such power related had succeeded thereto by a will of the donee of the power failing to exercise such power, taking effect at the time of such omission or failure.

(7) Whenever a decedent appoints or names one or more executors or trustees, and makes a bequest or devise of property to them in lieu of commissions or allowances, which otherwise would be liable to said tax, or appoints them his residuary legatees, and said bequest, devise, or residuary legacies exceeds what would be a reasonable compensation for their services, such excess over and above the exemptions herein provided for shall be liable to said tax; and the superior court in which the probate proceedings are pending shall fix the compensation.

(8) Where any property shall, after the passage of this act, be transferred subject to any charge, estate or interest, determinable by the death of any person, or at any period ascertainable only by reference to death, the increase accruing to any person or corporation upon the extinction or determination of such charge, estate or interest, shall be deemed a transfer of property taxable under the provisions of this act in the same manner as though the person or corporation beneficially entitled thereto had then acquired such increase from the person from whom the title to their respective estates or interests is derived.

(9) When more than one transfer within the meaning of any of the preceding subdivisions of this section has been made, either before or after the passage of this act, by a decedent to one person, the tax shall be imposed upon the aggregate market value of all of the property so transferred to such person in the same manner and to the same extent as if all of the property so transferred were actually transferred by one transfer.

(10) In determining the market value of the property transferred, the following deductions and no others shall be made from the appraised value thereof:

(*a*) Debts of decedent owing at date of death;

(*b*) Expenses of funeral and last illness;

(*c*) All State, county, and municipal taxes which are a lien against said property at the date of death;

(*d*) The ordinary expenses of administration, including the ordinary fees allowed executors and administrators and the ordinary fees of their attorneys under the provisions of sections 1618 and 1619 of the Code of Civil Procedure of California;

(*e*) The amount due or paid the government of the United States as a federal inheritance or estate tax; *provided, however*, that the amount of such tax allowable herein as a deduction shall be limited to a computation thereof (commencing at the primary rates) made by the acting state inheritance tax appraiser upon his own valuation of that portion of such property only, the transfer of which is taxable under the provisions of this act, by applying to such valuations the exemptions and rates of the federal inheritance or estate tax in force at the date of such transfer;

(*f*) The amount due or paid any state or states of the United States (excepting California) as a state inheritance, succession or transfer tax; *provided, however*, that the amount of such tax allowable herein as a deduction shall be limited to a computation thereof (commencing at the primary rates) made by the acting state inheritance tax appraiser upon his own valuation of that portion of such property only, the transfer of which is taxable under the provisions of this act, by applying to such valuation the exemptions and rates of such state inheritance, succession or transfer tax in force at the date of such transfer.

SEC. 3. Such taxes shall be and remain a lien upon the property passed or transferred until paid; *provided, however*, that where property is sold under and in accordance with the provisions of chapter VII, title XI, part III of the Code of Civil Procedure the lien herein provided for shall be released from the property so sold and shall attach to the proceeds of such sale, and the person to whom the property passes or is transferred, except as herein in this section provided, and all administrators, executors and trustees of every estate so transferred or passed, shall be liable for any and all such taxes until the same shall have been paid as hereinafter directed. The provisions of the Code of Civil Procedure relative to the limitation of time of enforcing a civil remedy shall not apply to any proceeding or action taken to levy, appraise, assess, determine, or enforce the collection of any tax or penalty prescribed by this act, and this section shall be construed as having been in effect as of date of the original enactment of the inheritance tax law; *provided*, that unless sued for within five years after they are due and legally demandable, such taxes, or any taxes accruing under any act herein repealed, shall cease to be a lien as against any bona fide purchaser of said property; *and provided*, that no such lien shall cease within two years from the date of the passage of this act.

SEC. 4. When the property or any beneficial interest therein so passed or transferred exceeds in value the exemption hereinafter specified and shall not exceed in value twenty-five thousand dollars, the tax hereby imposed shall be:

(2) Where the person or persons entitled to any beneficial interest in such property shall be the brother or sister or a descendant of a brother or sister of a decedent, a wife or widow of a son, or the husband of a daughter of the decedent at the rate of three per centum of the clear value of such interest in such property.

SEC. 6. The following exemptions from the tax are hereby allowed:

(1) All property transferred to societies, corporations, and institutions now or hereafter exempted by law from taxation, or to any public corporation, or to any society, corporation, institution, or association of persons engaged in or devoted to

any charitable, benevolent, educational, public, or other like work (pecuniary profit not being its object or purpose), or to any person, society, corporation, institution, or association of persons in trust for or to be devoted to any charitable, benevolent, educational, or public purpose; by reason whereof any such person or corporation shall become beneficially entitled, in possession or expectancy, to any such property or to the income thereof, shall be exempt: *provided, however*, that such society, corporation, institution or association be organized or existing under the laws of this State or that the property transferred be limited for use within this State.

(2) (*a*) Property of the clear value of twenty-four thousand dollars, transferred to the widow or to a minor child of the decedent, and of ten thousand dollars transferred to each of the other persons described in the first subdivision of section 4, shall be exempt.

(*b*) All property transferred by a decedent to any person described in the first subdivision of section 4, providing the same was transferred to such decedent not more than five years prior to his death by another decedent of the class described in the first subdivision of section 4, and a tax paid thereon, shall be exempt.

(3) Property of the clear value of two thousand dollars, transferred to each of the persons described in the second subdivision of section 4, shall be exempt.

(5) Property of the clear value of five hundred dollars, transferred to each of the persons and corporations described in the fourth subdivision of section 4, shall be exempt.

(6) In computing the tax upon transfers subject to tax under the provisions of this act, the exemptions in this section allowed shall be deducted from the aggregate amount of property transferred, and the transfer of the remainder of the property after making such deduction shall be taxed at the rates at which it would have been taxed had no exemption whatever been allowed.

SEC. 7. (1) All taxes imposed by this act, unless otherwise herein provided for, shall be due and payable at the death of the decedent, and if the same are paid within eighteen months, no interest shall be charged and collected thereon, but if not so paid, interest at the rate of ten per centum per annum shall be charged and collected from the time said tax accrued: *provided*, that if said tax is paid within six months from the accruing thereof a discount of five per centum shall be allowed and deducted from said tax. And in all cases where the executors, administrators, or trustees do not pay such tax within eighteen months from the death of the decedent, they shall be required to give a bond for the payment of said tax, together with interest.

(2) The penalty of ten per cent per annum imposed by subdivision (1) of this section for the nonpayment of said tax, shall not be charged in cases where, in the judgment of the court, by reason of claims made upon the estate necessary litigation, or other unavoidable cause of delay, the estate of any decedent, or a part thereof, can not be settled at the end of eighteen months from the death of the decedent; but in such cases seven per cent per annum shall be charged upon the said tax from the expiration of said eighteen months until the cause of such delay is removed, after which ten per cent interest per annum shall again be charged until the tax is paid; but litigation to defeat the payment of the tax shall not be considered a necessary litigation.

SEC. 8. (1) When any grant, gift, legacy, devise or succession upon which a tax is imposed by section two of this act shall be an estate, income, or interest for a term of years, or for life, or determinable upon any future or contingent event, or shall be a remainder, reversion, or other expectancy, real or personal, the entire property or fund by which such estate, income, or interest is supported, or of which it is a part, shall be appraised immediately after the death of the decedent, and the market value thereof determined, in the manner provided in section 16 or 17 of this act, and the tax prescribed by this act shall be immediately due and payable to the treasurer of the proper county, and, together with the interest thereon, shall be and remain a lien on said property until the same is paid.

(2) In estimating the value of any estate or interest in property, to the beneficial enjoyment or possession whereof there are persons or corporations presently entitled thereto, no allowance shall be made on account of any contingent incumbrance thereon, nor on account of any contingency upon the happening of which the estate or property or some part thereof or interest therein might be abridged, defeated or diminished; *provided, however*, that in the event of such incumbrance taking effect as an actual burden upon the interest of the beneficiary, or in the event of the abridgment, defeat or diminution of said estate or property or interest therein as aforesaid, a return shall be made to the person properly entitled thereto of a proportionate amount of such tax on account of the incumbrance when taking effect, or so much as will reduce the same to the amount which would have been assessed on account of the actual duration or extent of the estate or interest enjoyed. Such return of tax shall be made in the manner provided by section 11 hereof upon order of the court having jurisdiction.

(3) When the property is transferred in trust or otherwise, and the rights, interest or estates of the transferees are dependent upon contingencies or conditions whereby they may be wholly or in part created, defeated, extended, or abridged, a tax shall be imposed upon said transfer at the highest rate which, on the happening of any of the said contingencies or conditions, would be possible under the provisions of

this act, and such tax so imposed shall be due and payable forthwith by the executors or trustees out of the property transferred: *provided, however*, that on the happening of any contingency whereby the said property, or any part thereof, is transferred to a person or corporation exempt from taxation under the provisions of this act, or to any person taxable at a rate less than the rate imposed and paid, such person or corporation shall be entitled to a return of so much of the tax imposed and paid as the difference between the amount paid and the amount which said person or corporation should pay under the provisions of this act; such return of overpayment shall be made in the manner provided by section 11 of this act, upon order of the court having jurisdiction: *provided*, that the person or persons or body politic or corporate beneficially interested in the property chargeable with said tax or the trustees thereof may elect not to pay the same until such person or persons, or body politic or corporate beneficially interested in such property shall come into the actual possession or enjoyment thereof, and in that case such person or persons or body politic or corporate or trustees shall execute a bond to the people of the State of California in a penalty of twice the amount of said tax with such sureties as the said superior court may approve, conditioned for the payment of said tax and interest thereon at the rate of seven per cent per annum commencing at the expiration of eighteen months from the death of the decedent at such time or period as they or their representatives may come into the actual possession or enjoyment of such property, and conditioned further, that it said bond be not renewed and the returns made as herein provided, the amount of said tax and interest thereon shall immediately become due and payable. Said bond shall be filed in the office of the county clerk of the proper county and a certified copy thereof shall be immediately transmitted to the State Controller; *provided, further*, that such person or persons or body politic or corporate, or trustees, shall enter into such security within a period of ninety days after the entry of the order or decree fixing the inheritance tax charged against such transfer, or within such period thereafter as the court may in its discretion permit, and shall make a full and verified return of such property to said court and to the same in the office of the county clerk within one year from the date of such order or decree fixing tax, and at such times thereafter as the court on the application of the State Controller may require, and renew such security every five years after the date of the approval thereof. Upon the approval of said bond as herein provided, said tax shall cease to be a lien upon the property so transferred. If such security shall not be renewed before the expiration of such five-year period, said bond shall immediately become due and payable and if the same be not paid forthwith, the attorney general shall file an action in the name of the people of the State or the relation of the Controller, to recover the same and the penalties thereunder and no demand for payment shall be necessary before the institution of such suit. Whenever it shall be made to appear to the satisfaction of the court that any surety on such bond or undertaking has for any reason become insufficient, the court may on motion of the State Controller, after such notice to such person or persons, body politic or corporate, or trustees as the court may require, order the giving of a new undertaking with sufficient sureties in lieu of such insufficient undertaking. In case such new undertaking so required shall not be given within the time required by such order, or in case the sureties thereon fail to justify thereon when required, all rights accorded by the filing of such original undertaking, or subsequent undertaking, shall cease and the amount of said tax and interest thereon shall immediately become due and payable.

(4) Estates in expectancy which are contingent or defeasible and in which proceedings for the determination of the tax have not been taken or where the taxation thereof has been held in abeyance, shall be appraised at their full, undiminished value when the persons entitled thereto shall come into the beneficial enjoyment or possession thereof, without diminution for or on account of any valuation theretofore made of the particular estates for purposes of taxation, upon which said estates in expectancy may have been limited.

(5) Where an estate or interest can be divested by the act or omission of the legatee or devisee it shall be taxed as if there were no possibility of such divesting.

(6) The value of every future, or contingent or limited estate, income or interest, shall, for the purposes of this act be determined by the rule, methods and standards of mortality and of value that are set forth in the actuaries' combined experience tables of mortality for ascertaining the value of policies of life insurance and annuities and for the determination of the liabilities of life insurance companies, save that the rate of interest to be assessed in computing the present value of all future interest and contingencies shall be five (5) per cent per annum. The Insurance Commissioner shall, without a fee on the application of any superior court or of any inheritance tax appraiser determine the value of any future or contingent estate, income or interest therein limited, contingent, dependent or determinable upon the life or lives of persons in being, upon the facts contained in any such appraiser's application or other facts to him submitted by said appraiser or said court and certify the same in duplicate to such court or appraiser, and his certificate thereof shall be conclusive evidence that the method of computation therein is correct. When an annuity or a life estate is terminated by the death of the annuitant or life tenant, and the tax upon such interest has not been fixed and determined, the value of said interest for the purpose of taxation under this act shall be the amount of the annuity or income actually paid or

payable to the annuitant or life tenant during the period for which such annuitant or life tenant was entitled to the annuity or was in possession of the life estate.

SEC. 9. (1) Any administrator, executor, or trustee having in charge or trust any legacy or property for distribution, subject to the said tax, shall deduct the tax therefrom, or if the legacy or property be not money he shall collect the tax thereon, upon the market value thereof, from the legatee or person entitled to such property, and he shall not deliver, or be compelled to deliver, any specific legacy or property subject to tax to any person until he shall have collected the tax thereon; and whenever any such legacy shall be charged upon or payable out of real estate, the executor, administrator, or trustee shall collect said tax from the distributee thereof, and the same shall remain a charge on such real estate until paid; if, however, such legacy be given in money to any person for a limited period, the executor, administrator, or trustee shall retain the tax upon the whole amount; but if it be not in money he shall make application to the superior court to make an apportionment, if the case require it, of the sum to be paid into his hands by such legatees, and for such further order relative thereto as the case may require.

(2) All executors, administrators, and trustees shall have full power to sell so much of the property of the decedent as will enable them to pay said tax, in the same manner as they may be enabled by law to do for the payment of debts of the estate, and the amount of said tax shall be paid as hereinafter directed.

(3) Every sum of money retained by an executor, administrator, or trustee, or paid into his hands, for any tax on property, shall be paid by him, within thirty days thereafter, to the treasurer of the county in which the probate proceedings are pending.

SEC. 10. Upon the payment to any county treasurer of any tax due under this act, such treasurer shall issue a receipt therefor, in triplicate, one copy of which he shall deliver to the person paying said tax, and the original and one copy thereof he shall immediately send to the Controller of State, whose duty it shall be to charge the treasurer so receiving the tax with the amount thereof, and said Controller shall retain one of said receipts and the other he shall countersign and seal with the seal of his office, and immediately transmit to the clerk of the court fixing such tax. And an executor, administrator, or trustee shall not be entitled to credits in his accounts, nor be discharged from liability for such tax, nor shall said estate be distributed, unless a receipt so sealed and countersigned by the Controller, or a copy thereof, certified by him, shall have been filed with the court. Any person shall, upon payment to the county treasurer of the sum of fifty cents, be entitled to a duplicate, or copy, of any receipt that may have been given by said treasurer for the payment of any tax under this act.

SEC. 11. (1) If any debts shall be proved against the estate of a decedent after the payment of any legacy or distributive share thereof, from which any such tax has been deducted or upon which it has been paid by the person entitled to such legacy or distributive share, and such person is required by order of the superior court having jurisdiction, on notice to the State Controller, to refund the amount of such debts or any part thereof, an equitable proportion of the tax shall be repaid to him by the executor, administrator or trustee, if the tax has not been paid to the county treasurer; or if such tax has been paid to such county treasurer, such officer shall refund out of any inheritance tax moneys in his hands or custody such equitable proportion of the tax, and credit himself with the same in the account required to be rendered by him under this act.

(2) Where it shall be proved to the satisfaction of the superior court that deductions for debts were allowed upon the appraisal, since proved to have been erroneously allowed, it shall be lawful for such superior court to enter an order assessing the tax upon the amount wrongfully or erroneously deducted.

(3) If, after the payment of any tax in pursuance of an order fixing such tax, made by the superior court having jurisdiction, such order be modified or reversed by the superior court having jurisdiction within two years from and after the date of entry of the order fixing the tax, or be modified or reversed at any time on an appeal taken therefrom within the time allowed by law on due notice to the State Controller, the county treasurer shall refund to the executor, administrator, trustee, person or persons by whom such tax was paid, the amount of any moneys paid or deposited on account of such tax in excess of the amount of tax fixed by the order modified or reversed, out of any inheritance tax moneys in his hands or custody, and credit himself with the same in the account required to be rendered by him to the Controller on his semiannual settlement; but no application for such refund shall be made after one year from such reversal or modification, unless an appeal shall be taken therefrom, in which case no such application shall be made after one year from the final determination on such appeal or of an appeal taken therefrom, and the representatives of the estate, legatees, devisees or distributees entitled to any refund under this section shall not be entitled to any interest upon such refund, and the State Controller shall deduct from the fees allowed by this act to the county treasurer the amount theretofore allowed him upon such overpayment.

(4) When any amount of said tax shall have been erroneously paid, the superior court having jurisdiction, on application after notice to the State Controller, and on satisfactory proof to it, shall by order require the county treasurer to refund and pay to the executor, administrator, trustee, person or persons who had paid any such tax in error the amount of such tax so erroneously paid; *provided*, that all

applications for such repayment of such tax so erroneously paid shall be made within one year of the date of the entry of the order fixing tax or of the decree of final determination of the appeal. Such refund shall be made by said treasurer out of any inheritance tax moneys in his custody or custody and he shall credit himself with the same in the amount presented to be reimbursed by him to the Controller on semiannual settlements, and the State Controller shall deduct from the fees allowed by this act to the county treasurer the amount of fees allowed him upon such erroneous payment.

(5) This section as amended shall apply to appeals and proceedings now pending and taxes heretofore paid in relation to which the period of one year from such payment has not expired when this section, as amended, takes effect.

SEC. 12. (1) Whenever the State Controller shall have reasonable cause to believe that a tax is due under the provisions of this act from any transfer of any property, and that any person, firm, institution, company, association or corporation has possession, control or custody of any books, accounts, papers or documents relating to or explaining such transfer, the State Controller or inheritance tax attorney, or any assistant inheritance tax attorney of the Inheritance Tax Department, is hereby authorized and empowered to inspect the books, records, accounts, papers and documents of any such person, firm, institution, company, association or corporation, including the stock transfer book of any corporation, for the purpose of acquiring any information which said assessors or assistants or said State Controller or such inheritance tax attorney or assistant inheritance tax attorneys, for the proper enforcement of this act and for the collection of the full amount of tax which may be due the State hereunder. Any and all information acquired by said State Controller or said inheritance tax attorney or assistant inheritance tax attorneys shall be deemed and held by said State Controller and said inheritance tax attorney and assistant inheritance tax attorneys and each of them as confidential, and shall not be divulged, disclosed or made known by them or any of them except in so far as may be necessary for the enforcement of the provisions of this act. Any Controller or any appraiser, assistant appraiser, inheritance tax attorney or assistant inheritance tax attorneys or examiner appointed by the Governor, who shall divulge, disclose or make known any information acquired by said inspection and examination otherwise than as herein provided, in relation to the business affairs, property or estate of any person, firm, institution, company, association or corporation examined or whose books, papers or documents are inspected, or any information acquired by him in the course of his employment as such Controller, appraiser, assistant appraiser, inheritance tax attorney or assistant inheritance tax attorneys or examiner, and upon conviction thereof shall be fined not less than one hundred fifty dollars nor more than five hundred dollars or be imprisoned in the county jail for not more than ninety days, or both.

(2) Any officer or agent of any firm, institution, company, association or corporation having or holding any assets of the State who has in his custody or under his control any bonds, property, moneys, papers or documents of such firm, institution, company, association or corporation, and any person having in his custody or under his control any bonds, property, moneys or documents of any decedent who refuses to give to the State Controller or said inheritance tax attorney or any of said assistant inheritance tax attorneys such information as may be required in this section, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than one hundred dollars nor more than five hundred dollars, or be imprisoned in the county jail for not more than ninety days, or both.

(3) Any officer or agent of any firm, institution, company, association or corporation having or holding any assets of the State who has in his custody or under his control any bonds, property, moneys, papers or documents of such firm, institution, company, association or corporation, and any person having in his custody or under his control any bonds, property, moneys or documents of any decedent who refuses to give to the State Controller or said inheritance tax attorney or any of said assistant inheritance tax attorneys such information as may be required in this section, shall be liable for the payment of the taxes assessed upon the property of such person under this act as long thereafter as the same remains unpaid, and the said corporation and association for the collection of such taxes may be proceeded against in an action brought by the State Controller in any court of competent jurisdiction.

SEC. 13. (1) No corporation organized or existing under the laws of this State, shall transfer on the books of such corporation any shares of stock or shares of any corporation standing in the name of a decedent or in trust for a decedent or pertaining to or standing in the joint names of a decedent and one or more persons, or issue the new certificate therefor to any person, unless there shall be produced to and left with the officer of such corporation whose duty it is to make such transfer the consent in writing to such transfer of the State Controller or such person as he may by writing authorize to issue such consent.

(2) No safe deposit company, trust company, corporation, bank, or other institution, person or persons engaged in the business of receiving for safekeeping personal property, shall deliver any securities, deposited with it by or standing in the name of a decedent, or in the name of a decedent and any other person, or in the name of any person and another person in trust for a decedent, without first procuring a consent in writing to such delivery from the State Controller or such person as he may by writing authorize to issue such consent. Before seeking access to any box or receptacle of the decedent, such person shall notify the State Controller of his intention, and no person, except in the presence of the State Controller or such person as he may by writing authorize to issue such consent, shall have access to any box or receptacle of the decedent. Any person violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding one thousand dollars, or by imprisonment in the county jail not exceeding one year, or both such fine and imprisonment, in the discretion of the court.

(3) No safe deposit company, trust company, corporation, bank, or other institution, person or persons holding property as bailee, shall deliver to any person other than the owner thereof, except upon the written consent of the State Controller or such person as he may by writing authorize to issue such consent, any property in the joint possession of such owner and any decedent or in the joint possession of any two persons, one of whom is a decedent, or in the sole possession of any decedent, or in the joint or sole possession of any decedent and any other person or persons, without first giving to the State Controller or such person as he may by writing authorize to issue such consent, notice of the intention to deliver such property, at least five days before such delivery. Any person violating the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding one thousand dollars, or by imprisonment in the county jail not exceeding one year, or both such fine and imprisonment, in the discretion of the court.

Any person or persons who shall be served with a subpœna, issued by said inheritance tax appraiser, to appear and testify or to produce books and papers, and who shall refuse and neglect to appear and testify or to produce books and papers relevant to such appraisement, as commanded in such subpœna, shall be guilty of a contempt of court. And he may examine and take the evidence of such witnesses or of such executor or administrator, or other person under oath concerning such property and the value thereof, and concerning the property or the estate of such decedent subject to probate, and concerning any transfer made by such decedent within the meaning of this act. At any time prior to the making of said order, any person interested in said proceeding (including the State Controller) may file objections in writing to said report. Thereupon said superior court shall, by order, fix a time, not less than ten days thereafter, for the hearing thereof, and shall direct the clerk of said superior court to give such notice thereof as it shall deem necessary; *provided*, that a copy of such notice and of such objections shall be forthwith mailed to the State Controller, county treasurer and inheritance tax appraiser. Such order shall be conclusive only as to such property as may have been returned in the inventory or inventory and appraisement in said probate proceedings.

SEC. 17. (1) If it shall appear to the superior court upon petition of the State Controller that any transfer has been made within the meaning of this act, and the taxability thereof, and the liability for such tax and the amount thereof have not been determined, and that no proceedings are pending in any court in this State wherein the taxability of such transfer and the liability therefor, and the amount thereof may be determined, said court shall issue a citation ordering and directing the

persons who may appear liable therefor or known to own any interest in or part of the property transferred, to appear before said court or before an inheritance tax appraiser to be designated by said order at a time and place in said order named, not less than ten days nor more than one year from the date of such order, to be examined, under oath by said court or by said appraiser as the case may be, concerning said transfer and all facts connected therewith, and concerning the property transferred and the character and value thereof.

The superior court may hear the said cause upon the relation of the parties and the testimony of witnesses, and evidence produced in open court, and, if the court shall find said property is not subject to any tax, as herein provided, the court shall, by order, so determine; but if it shall appear that said property, or any part thereof, is subject to any such tax, the same shall be appraised and taxed as in other cases.

Upon the filing of such petition the superior court or a judge thereof shall by order designate and appoint an inheritance tax appraiser to ascertain and report to said court the amount of the inheritance tax, if any, due by said petitioner on account of such transfer, and shall fix a time and place, not less than ten days thereafter, for the hearing of said matter before said inheritance tax appraiser, a copy of which petition and order shall be forthwith mailed to the State Controller, and shall refer said petition and said matter to said inheritance tax appraiser who shall have all of the powers of a referee of said court, including the powers prescribed in subdivision (1) of section 16 of this act. The procedure subsequent to said reference to said appraiser shall conform to the provisions of subdivisions (1) and (2) of section 16 of this act.

In the event that final judgment is rendered in said proceeding, ascertaining and determining that no inheritance tax is due on account of said transfer or that the amount of the tax to which said transfer is liable, is less than twenty dollars the court shall, in addition to the amount of the tax, if any, include in such judgment and assess against the petitioner reasonable compensation for said inheritance tax appraiser, not exceeding the sum of ten dollars, and the necessary traveling and incidental expenses of said appraiser.

(3) Actions may be brought against the State by any interested person for the purpose of quieting the title to any property against the lien or claim of lien of any tax or taxes under this act, or for the purpose of having it determined that any property is not subject to any lien for taxes nor chargeable with any tax under this act. No such action shall be maintained where any proceedings are pending in any court in this State wherein the taxability of such transfer and the liability therefor and the amount thereof may be determined. All parties interested in said transfer and in the taxability thereof shall be made parties thereto and any interested person who refuses to join as plaintiff therein may be made a defendant. Summons for the State in said action shall be served upon the State Controller.

At any time after issue is joined in such action the court, on its own motion, or upon the motion of any interested party, may by order appoint and designate an inheritance tax appraiser to hear said matter and report to the court thereon and

shall in such order fix a time and place for the hearing of said matter before said inheritance tax appraiser, and direct notice of such time and place to be given in such manner as the court shall deem proper, and shall refer said matter to said inheritance tax appraiser who shall have all of the powers of a referee of said court, including the powers prescribed in subdivision (1) of section 16 of this act. The procedure subsequent to said reference to said appraiser shall conform to the provisions of subdivisions (1) and (2) of section 16 of this act.

ASSEMBLY CHAMBER, SACRAMENTO, April 12, 1921.

MR. PRESIDENT: I am directed to inform your honorable body that the Assembly on April 11, 1921, passed the following:

Assembly Bill No. 486—An act to amend the Code of Civil Procedure by adding thereto three new sections to be numbered 689*a*, 689*b* and 689*c*, all relating to the manner of levying attachment or execution upon personal property in the possession of the buyer under a contract for its purchase;

Also: Assembly Bill No. 847—An act to amend section 1751 of the Political Code, relating to qualifications for admittance to California high schools;

Also: Assembly Bill No. 1051—An act to amend section 4041 of the Political Code, relating to the general powers of boards of supervisors.

JEROME B. KAVANAUGH, Chief Clerk.
By VERNON W. LILLEY, Assistant Clerk.

Assembly Bill No. 486 read first time, and referred to Committee on Judiciary.

Assembly Bills Nos. 847 and 984 read first time, and referred to Committee on Education.

Assembly Bill No. 1051 read first time, and referred to Committee on County Government.

EXPLANATION OF VOTE ON SENATE BILL NUMBER NINE HUNDRED SIXTY-THREE.

Senator Duncan asked for and was granted unanimous consent to have the following explanation of his vote on Senate Bill No. 963 printed in the Journal:

I vote against this bill for many reasons:

1. In its original form it followed the laws of several states and absolutely prohibited fishing anywhere within the jurisdiction of the State by any alien who had not declared his intention to become a citizen. In this form I should have voted yes on the bill.

2. My amendment making the bill apply to all aliens fishing in ocean waters was defeated. With this amendment in the bill I should have voted yes.

3. The bill has confessedly been amended so as not to hurt the Chinese fishermen operating in inland waters. This inconsistency is apparent.

4. The measure permits Japanese to fish anywhere except in ocean waters. This will mean if they desire to continue as fishermen that they must ply their calling in the inland waters of the State in direct competition with white fishermen.

5. If the Japs elect to abandon fishing as an occupation it will mean that they will simply go into the labor market as direct competitors of white labor. The rate of wages paid for labor of any kind in this country is so far in excess of that paid in Japan that the Japanese laboring class will not leave this country for their own.

6. The legislation is unwise, and to my mind can do nothing toward solving the Asiatic problem.

W. E. DUNCAN, JR.

"For the purpose of creating a fund to carry out the provisions of the Land Settlement Act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto, the object of which acts is to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, the State Land Settlement Finance Committee created by this act, to wit, in section 10 hereof, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

SEC. 2. After the issuance of the proclamation of the Governor provided for in section 16 of this act, and immediately after adoption of any resolution by the State Land Settlement Finance Committee hereby created, provided for in section 11 of this act, the State Treasurer shall prepare the requisite number of suitable bonds of the denomination of one thousand dollars in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this act shall not exceed the sum of three million dollars, and the bonds issued under any such resolution shall bear interest from the date of issuance of said bonds to the date of maturity thereof, at a rate to be determined by the said State Land Settlement Finance Committee and specified in such resolution, but in no case exceeding six per cent per annum. Both principal and interest shall be payable in gold coin of the United States, of the present standard of value, at the office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer, and shall be so payable at the times specified in said resolution or resolutions.

All bonds issued under this act shall bear the signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by signature stamp adopted for each particular bond issue under this act, and the said bonds shall be signed, countersigned and endorsed by the officers who shall be in office on the date of issuance thereof, and each of said bonds shall bear an impress of The Great Seal of the State of California. The said bonds so signed, countersigned, endorsed and sealed, when sold, shall be and constitute a valid and binding obligation upon the State of California, although the sale thereof be made at a date or dates upon which the officers having signed, countersigned and endorsed said bonds, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the time of signing, countersigning, or endorsing said bonds. Each bond issued under this act shall contain a clause or clauses stating that interest shall cease to accrue thereon from and after the date of maturity thereof, and referring to this act and to the resolution of the State Land Settlement Finance Board hereunder by virtue of which said bond is issued.

SEC. 3. The requisite number of suitable interest coupons, appropriately numbered, shall be attached to each bond issued under this act. Said interest coupons shall bear the facsimile signature of the State Treasurer who shall be in office on the date of issuance of the bond to which said coupons pertain.

SEC. 4. All bonds issued under this act and sold shall be deemed to have been called in at their respective dates of maturity and the State Treasurer shall, on the respective dates of maturity of said bonds, or as soon thereafter as said matured bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in section 5 hereof and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. He shall also, on the said respective dates of maturity, cancel all bonds bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof. The provisions of this section shall be applicable also to the interest coupons pertaining to the bonds

authorized by this act to be issued, and shall be applicable, as far as practicable, to any duly authorized agent of the State Treasurer.

SEC. 5. There is hereby appropriated from the general fund in the State treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other State revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the general fund in the State treasury, all of the moneys subject to and available for the use of the State Land Settlement Board not in excess of the principal of and interest on the bonds, then due and payable and, in the event of such moneys so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the general fund in the State treasury as soon thereafter as it shall become available, together with interest thereon, from such dates of maturity until so returned, at the rate of five per cent per annum, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn by the Controller of the State in favor of the State Treasurer or in favor of any duly authorized agent of the State Treasurer, upon demands audited by the State Board of Control, and the moneys to be returned into the general fund in the State treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller of the State upon demands duly audited by the State Board of Control.

SEC. 6. The sum of ten thousand dollars is hereby appropriated out of any money in the State treasury not otherwise appropriated to pay the expenses that may be incurred by the State Treasurer in having said bonds prepared and advertising their sale. Said amount shall be refunded to the general fund of the State treasury out of the land settlement fund in accordance with the provisions of this act on Controller's warrant duly drawn for that purpose.

SEC. 7. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the State Treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as the said Treasurer shall be directed by the Governor of the State, under seal thereof, after a resolution requesting such sale shall have been adopted by the State Land Settlement Board and approved by the Governor of the State; but said Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date; and with the approval of the Governor, he may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said Treasurer shall detach therefrom all coupons which have matured or will mature before the day fixed for such sale.

SEC. 8. Due notice of the time and place of sale of all bonds must be given by said Treasurer by publication in one newspaper published in the city and county of San Francisco and also by publication in one newspaper published in the city of Oakland and by publication in one newspaper published in the city of Los Angeles and by publication in one newspaper published in the city of Sacramento once a week during four weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the Land Settlement Fund in the State treasury and must be used exclusively to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the Central Powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, in accordance with the provisions of the Land Settlement Act, approved June 1, 1917, and of any and all acts amendatory thereof and supplemental thereto; *provided*, that the said Land Settlement Board must pay over to the general fund of the State from the proceeds of the sale of bonds all money which has been heretofore or may be hereafter appropriated and advanced out of the general fund of the State treasury for the use of the State Land Settlement Board on condition that it

shall be so paid over; *provided further*, that the said State Land Settlement Board may, out of the proceeds from the sale of said bonds, pay all or any part of any indebtedness heretofore by it incurred in accordance with law and remaining unpaid, including the interest accrued thereon, unless the rate of interest applying to such indebtedness is less than the rate of interest applying to the said bonds; *and provided further*, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

SEC. 9. The State Land Settlement Board shall be and hereby is authorized, with the approval of the State Board of Control, to invest any surplus moneys in any of the funds subject to or appropriated for its use in bonds of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or any of them, at the governing market rates, upon approval of the State Board of Control.

SEC. 10. There is hereby created a State Land Settlement Finance Committee composed of the Governor, State Controller, State Treasurer, chairman of the State Board of Control, and chairman of the State Land Settlement Board, all of whom shall serve thereon without compensation and a majority of whom shall be empowered to act for said committee. The Attorney General of the State shall be the legal advisor of the State Land Settlement Finance Committee.

Upon request of the State Land Settlement Board, supported by a statement of the plans and projects of the State Land Settlement Board with respect thereto, the State Land Settlement Finance Committee shall determine whether or not a bond issue under this act is necessary or desirable to carry such plans and projects into execution.

SEC. 11. Whenever the said State Land Settlement Finance Committee shall have determined that a bond issue under this act is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to prepare the requisite number of suitable bonds and shall specify:

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.

2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.

3. The annual rate of interest which the bonds to be issued shall bear.

4. The number, numerical sequence, amount or amounts, and the dates of maturity of the interest coupons to be attached to the said bonds.

5. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the State Land Settlement Finance Committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the State Land Settlement Board from the project or projects to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, and be commensurate, as nearly as practicable, with the dates and amounts of such estimated revenues; *provided*, that the bonds first to mature in each issue shall mature not later than five years from the date of issuance thereof; *provided, further*, that specified numbers of bonds of specified numerical sequence shall thereafter mature at annual intervals; *and provided, further*, that the bonds last to mature in each issue shall mature not later than forty-five years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the State Land Settlement Finance Committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals from the date of issuance of said bonds; *provided*, that the interest coupon first payable may, if the State Land Settlement Finance Committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

SEC. 12. All actual and necessary expenses of the State Land Settlement Finance Committee and of the members thereof shall be paid out of the Land Settlement Fund, upon approval of the State Board of Control, and on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the State Land Settlement Board.

SEC. 13. The State Controller, the State Treasurer, and the State Land Settlement Finance Committee shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

SEC. 14. This act, if adopted by the people, shall take effect on the fifteenth day of November, 1922, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 15. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, 1922, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the Land Settlement Bond Act of 1921," and in the same square under said words the following in brevier type: "This act provides for a bond issue of three million dollars to carry out the purposes of the Land Settlement Act." In the square immediately below the square containing such words, there shall be printed on said ballot the words: "Against the Land Settlement Bond Act of 1921" and in the same square immediately below said words "Against the Land Settlement Bond Act of 1921" in brevier type shall be printed "This act provides for a bond issue of three million dollars to carry out the purposes of the Land Settlement Act." Opposite the words "For the Land Settlement Bond Act of 1921" and "Against the Land Settlement Bond Act of 1921," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the Land Settlement Bond Act of 1921" and those voting against the said act shall do so by placing a cross opposite the words "Against the Land Settlement Bond Act of 1921." The Governor of this State shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 16. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for State officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the Governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 17. It shall be the duty of the Secretary of State in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this State, for three months next preceding the general election to be holden in the month of November, 1922; the costs of publication shall be paid out of the general fund, on Controller's warrants duly drawn for that purpose and shall be refunded to the general fund out of the Land Settlement Fund in accordance with this act.

SEC. 18. This act may be known and cited as the "Land Settlement Bond Act of 1921."

SECTION 1. Every corporation organized under the laws of another state, territory, or of a foreign country, which is now doing interstate or intrastate business in this State or maintaining an office herein, and which has not filed with the Secretary of State prior to the day on which this act takes effect the document or documents required by this section, or which shall hereafter do such business in this State or maintain an office herein, or which shall enter this State for the purpose of doing such business herein, must file in the office of the Secretary of State of the State of California a certified copy of its articles of incorporation, or of its charter, or of the statute or statutes, or legislative, or executive, or governmental act or acts creating it, in cases where it has been created by charter, or statute, or legislative, or executive, or governmental act, duly certified by the Secretary of State or other officer authorized by the law of the jurisdiction under which such corporation is formed to certify such copy, and must also file a certified copy thereof, duly certified by the Secretary of State of this State in the office of the county clerk of the county where its principal place of business in this State is located, and also where such corporation owns any real property. With such certified copy of its articles of incorporation, charter, or legislative, executive or governmental act creating it, such corporation shall also file with the Secretary of State an affidavit sworn to by the president or secretary of such corporation, which shall state the amount of such corporation's authorized capital stock at or within fifteen days prior to such filing. Every such corporation shall pay the Secretary of State for filing in his office such certified copy of its articles of incorporation, or of its charter, or of the statute or statutes, or legislative, or executive, or governmental act or acts creating it, a fee of seventy-five dollars; *provided*, that foreign corporations organized for educational, religious, scientific or charitable purposes and having no capital stock, and foreign nonprofit corporations shall pay a fee of five dollars for filing the document or documents hereinabove required.

Foreign corporations shall also file any amendment of or change in any of the provisions of its original articles of incorporation, or charter, or of the statute or legislative, executive or governmental act or acts creating it. Every foreign corporation subject to the tax hereinafter provided shall file with the Secretary of

State, at the time it tenders payment of said tax and any penalty which has accrued, an affidavit sworn to by its president or secretary, showing the amount of its authorized capital stock on the first day of January of the year in which said payment is made and in the event that such authorized capital stock, as shown by such affidavit, differs from the amount of such capital stock as appears from the records of the Secretary of State, then the tax hereinafter provided shall be measured by the amount of the capital stock shown in such affidavit. The license hereinafter required shall not be issued nor shall the amount so tendered be accepted until copies of any documents relating to such change in authorized capital stock, certified as required by this section, shall have been filed with the Secretary of State.

Every foreign corporation shall file with the Secretary of State a designation of some person residing within this state upon whom process issued by authority of law may be served as the representative, for such purpose, of such corporation. Every corporation subject to the provisions of this section and every such corporation hereafter becoming subject to the provisions thereof, which shall neglect or fail to file with the Secretary of State as herein provided, shall be subject to a fine of not less than five hundred dollars to be recovered in any court of competent jurisdiction; and it is hereby made the duty of the Secretary of State and of the State Board of Equalization, when either may be advised that corporations are doing business in contravention of this section to report the fact to the Attorney General of this State, who shall as soon as practicable institute proceedings to recover the fine provided for in this section, and the amount so recovered must be paid into the State treasury to the credit of the general fund of the State and it is hereby made the duty of the district attorney of any county in which any action shall be brought under the provisions of this act, to assist the Attorney General in the prosecution thereof.

In addition to the penalty herein provided every contract made by or on behalf of any such foreign corporation affecting the personal liability thereof or relating to property within the State shall be held void on its behalf and on behalf of its assigns, but shall be enforceable against it or them.

Every corporation which complies with the provisions of this section is thereafter entitled to the benefit of the laws of this State limiting the time for the commencement of civil actions, but any corporation created by or under the laws of any foreign state or country and that has not complied with this section is not entitled to the benefit thereof, nor can any such foreign corporation maintain or defend any action or proceeding concerning its property in this State or any intrastate business or transaction, in any court of this State or acquire or convey any legal title to any real property within this State. In any action or proceeding instituted against anybody styled as a corporation, but not created by nor under the laws of this State, evidence that such body has acted as a corporation, or employed methods usually employed by corporations, must be received by the court for the purpose of proving the existence of such corporation, the sufficiency of such evidence to be determined by the court with like effect as in other cases. Every corporation which has complied with the law requiring it to make and file a designation of the person upon whom process against it may be served, need not make or file any further designation. Any designation made may be revoked by the filing by the corporation with the Secretary of State of a writing stating such revocation. Within forty days after the death or removal from the State of any person designated by the corporation, or after the revocation of the designation, the corporation must make a new designation, or be subject to the provisions and penalties of this section: *provided, however*, that any foreign corporation which, prior to the eighth day of March, 1901, shall have complied with the provisions of the act entitled "an act to amend 'An act in relation to foreign corporations,' approved April 1, 1872," approved March 17, 1899, shall, in lieu of the provisions of this section above set forth, file the affidavit and designation of representative herein required and the license tax due from such corporation shall be measured by the authorized capital stock, as shown thereby.

By Senator Scott:

WHEREAS, There are now pending before the Legislature of the State of California certain bills relating to the reorganization of the State government with the purpose of consolidating and abolishing many State boards and organizations, including the California Historical Survey Commission; and

WHEREAS, The said California Historical Survey Commission was organized in 1915 at the urgent insistence of the order of the Native Sons of the Golden West and at the suggestion of the late Henry Morse Stephens and since that time has been and is now engaged in work of recognized scholarship and of material value to the State, not only in the interest of the very romantic history of our State, but also in matters dealing with the safety and preservation of its archives and other historical records; and

WHEREAS, The said California Historical Survey Commission is at the present time engaged in work which would be disrupted if the said commission were abolished and which said work will be completed within the next two years; and

WHEREAS, The said California Historical Survey Commission, as it is now composed, is a nonpartisan body which serves entirely without financial remuneration, and which has during the past biennium, notwithstanding its efficient work, drawn only the insignificant sum of $105.85 for expenses; and

WHEREAS, The work of the California Historical Survey Commission is scientific and educational in character and should be carried on free from any political consideration, and furthermore does not overlap the work of any other commission; therefore be it

Resolved, That Senate Bill No. 876 and Assembly Bill No. 350 should be so amended that the California Historical Survey Commission be excepted from the provisions of the said bills and that the said commission be retained in its present independent position; and be it further

Resolved, That the recommendation of the Budget Committee for the appropriation of the sum of fifteen thousand dollars by the State Legislature for carrying on the work of the California Historical Survey Commission is hereby endorsed; and be it further

Resolved, That copies of this resolution be forwarded to Honorable William D. Stephens, to the chairmen of the committees in charge of the proposed legislation, and to other members of our State government for their consideration and support.

Sec. 15. (*a*) Other than on vehicles actually engaged at the time in construction or repair work on public highways, no tire on any motor or other vehicle operated on or over any public highway or bridge shall have on its periphery any block, stud, flange, cleat, ridge, bead or any other protuberance of metal or wood which projects beyond the tread or traction surface of the tire; but this section shall not be so construed as to prohibit the use of tire chains of reasonable proportions on motor vehicles when required for safety because of snow, ice or other conditions tending to cause such motor vehicle to slide or skid; *provided, however*, that traction engines or tractors the propulsive power of which is exerted not through wheels resting upon the ground but by means of a flexible band or chain, known as a movable track, may be operated upon the public highways with transverse corrugations upon the periphery of said movable tracks, on condition that a permit shall first have been obtained as hereinafter in this section provided.

(*b*) No motor or other vehicle shall be operated on or over any public highway or bridge, nor shall any object be moved over or upon any public highway or bridge on wheels, rollers, or otherwise, except when transported in or upon vehicles running exclusively on stationary rails or tracks, in excess of a total weight, including load, of thirty thousand pounds, when said motor or other vehicle or contrivance is equipped with four wheels running on the highway, or in excess of a total weight,

including load, of forty thousand pounds when said motor or other vehicle or contrivance shall be equipped with six wheels running on the highway and with three axles not less than ninety-six inches apart, without first obtaining a permit as hereinafter in this section provided.

(c) No motor or other vehicle or other object, or contrivance for moving loads, except as hereinafter otherwise provided, shall be operated or moved upon or over any public highway or bridge, the weight including the load of which resting upon the surface of said highway or bridge exceeds seven hundred pounds upon any inch of the channel base width of tire, when said vehicle is equipped with tires made of other material than metal; and no motor or other vehicle, object, or contrivance for moving loads shall be operated or moved upon or over any public highway or bridge the weight including the load of which resting upon the surface of said highway or bridge exceeds five hundred pounds upon any inch of width of tire, roller, wheel, or other object supported on the surface thereof when such tires or the rolling surface of such rollers, wheels, or other objects are made in whole or in part of metal, without first obtaining a permit as hereinafter in this section provided; *provided, however*, that traction engines or tractors the propulsive power of which is exerted not through wheels resting upon the ground but by means of a flexible band or chain, known as a movable track, shall not be subject to the foregoing limitations upon permissible weights per inch of width of tire if the portions of the movable tracks in contact with the surface of the highway present plane surfaces; *and provided, further*, that cities heretofore or hereafter organized under freeholders' charters may permit or prohibit the increase, beyond the maximum weight per inch of width of tire hereinabove prescribed, of the weight of loads carried within the limits of such cities in or upon metal-tired vehicles drawn by muscular power, but where any such city has not by proper and suitable ordinance or other regulation permitted or prohibited such increase of maximum weight of loads, the regulations and limitations prescribed by this act shall not apply.

No solid rubber tire shall be used on any motor or other vehicle or contrivance for moving loads over any public highway or bridge unless such tire has rubber on its entire traction surface at least one inch thick above the edge of the flange.

The supervisors of any county shall have power to require a lighter load on county roads in their respective counties. Any person violating the provisions of this subsection shall be guilty of a misdemeanor and is liable to a penalty of twenty dollars for each full ton in excess of the limitation herein imposed, and any peace officer making the arrest of the owner or driver of any vehicle violating the provisions of this subsection shall keep said vehicle with its load in his custody until such time as said penalty shall have been paid; *provided*, that the owner or driver of any such vehicle may give to said peace officer a bond in favor of the State of California in case of state highways, and in the name of the county in which the offense has occurred in the case of county roads, conditioned to secure the payment of said penalty within the time prescribed in said bond. Furthermore, any peace officer may require the owner or the driver to drive any such vehicle to the nearest public scales to be designated by such peace officer for the purpose of establishing the weight and the load of any such vehicle.

(d) No motor vehicle shall be operated or driven over any public highway or bridge drawing or having attached thereto more than two trailers; *provided*, that all four-wheeled trailers excepting light camping trailers shall be equipped with suitable brakes.

(e) Anything to the contrary herein notwithstanding, upon application in writing to the State Department of Engineering, said Department of Engineering in its discretion may issue a special permit to the owner or operator of any vehicle allowing heavier or wider loads than hereinabove in this section or elsewhere in this act permitted to be moved or carried over and on the public highways and bridges, or allowing more than two trailers to be drawn by a motor vehicle; and may also issue such special permit to increase the permissible weights per inch of width of tire and may also permit the use of corrugations on the periphery of the movable tracks of traction engines or tractors propelled not by wheels resting upon the ground but by flexible bands or chains. Such permits shall be in writing and they may limit the time of use and operation over the particular highways and bridges which may be traversed and may contain such special conditions and provisions and require such undertaking or other security as the said Department of Engineering shall deem to be necessary to protect the public highways and bridges from injury, or provide indemnity for any injury resulting from such operation. All such special permits shall be carried in the vehicles to which they refer and shall upon demand be open to the inspection of any peace officer, any authorized agent of the Department of Engineering or of the Motor Vehicle Department, or any officer or employee charged with the care or protection of the public highways. It shall be unlawful for any person to violate, or to cause or permit to be violated, the limitations or conditions of such special permits and any such violation shall be deemed for all purposes to be a violation of the provisions of this act.

(f) Anything to the contrary herein notwithstanding, the State Department of Engineering may in its discretion limit the maximum load to be carried over or on

any public bridge, causeway, viaduct, trestle or dam, below the maximum established by law; *provided, however*, that in such event said Department of Engineering shall cause suitable signs to be erected and maintained, specifying such limitation of load, such signs to be placed at a distance of not less than one hundred feet nor more than one hundred fifty feet from the approaches to such bridge, causeway, viaduct, trestle or dam.

(*g*) Anything to the contrary in this act notwithstanding, the owner and the operator, driver or mover of any vehicle, object or contrivance over a public highway or bridge, shall be jointly and severally responsible for all damages which said highway or bridge may sustain as the result of so operating or driving or moving such vehicle and the amount of such damages may be recovered in an action at law by the authorities in control of such highway or bridge."

A complete stenographic record of all proceedings has been kept and is on file with the Secretary of the Senate.

While the aggregate of the proposed State budget is stated as $81,387,692.51, this should be reduced by $1,064,553.78, on account of appropriations actually made during January of this year to cover deficiency items for the present biennium. Thus, the true aggregate of the budgeted items for the ensuing biennium, as to which this investigation has been had, is $80,323,138.73.

This, of course, does not include any further appropriations which may be made by the present Legislature in addition to budgeted items. Such appropriation will have to be added to the amount of the budgeted items, which may be appropriated, to make up the total appropriations for the next biennium.

The aggregate of the proposed budget of two years ago was $47,580,153.66. There was, however, appropriated by the Legislature two years ago for the present biennial period $52,673,255.66, being $5,093,102.00, in addition to the aggregate of the budget recommendations. If we add to this amount the deficiency appropriations referred to above, we have a total of appropriations for the present biennium of $53,737,809.44.

Thus, the proposed budget for the ensuing biennium is $32,742,985.07 in excess of the budget of two years ago, and $26,585,329.29 in excess of total appropriations for budgeted and nonbudgeted items for present biennium.

Of the appropriations of two years ago of nonbudgeted items, as indicated above, nearly all are reflected in substantially like amounts in the budget for the ensuing period. Eighteen million dollars of this increase is accounted for by a vote of the people at the last general election.

The balance of this increase, to wit: $8,585,329.29, is represented quite largely by items for buildings, repairs and improvements of the State, the total budget recommendations for this purpose being $5,043,622.50.

A larger provision for this purpose than usual is clearly necessitated by reason of the fact that during the preceding years, because of extraordinary conditions, practically no building has been done at the State institutions.

Outstanding features of the proposed budget are the large amounts represented by so-called "fixed charges"; that is to say, continuing charges provided for either by constitution or statute, and the large amount returned to the counties, municipalities and school districts for local expenditure and distribution.

Thus, in the category of fixed charges are to be found such items as the following:

Principal and interest on highway and building bonds and Sutter Basin assessment	$6,172,400 00
Support of schools and University	34,041,479 15
Support of orphans	2,838,000 00
Principal and interest, county bonded indebtedness	1,500,000 00
Miscellaneous fixed charges	357,870 00
Total	$44,909,749 15

And in the category of amounts returned to the localities and expended there are found the following:

(These are nearly all included in the foregoing table.)

Smith-Hughes education fund	$224,600 00
Free text books	527,000 00
Orphan aid department	78,312 00
Principal and interest on highway bonds	4,800,000 00
Elementary school fund	24,924,725 00
High school fund	5,077,255 00
Teachers' retirement fund	400,000 00
Support of orphans	2,838,000 00
Principal and interest, county indebtedness	1,500,000 00
Tuberculosis aid	600,000 00
Total	$40,969,892 00

It developed at the hearings that there has been a surprisingly large turnover in the State's employees during the past two years, over 95 per cent of them having been attracted to other fields of occupation by higher wages and salaries.

It is impracticable for the Senate, sitting as a Committee of the Whole, at this time to make specific findings as to each item of the budget. As a result, however, of the hearings, the Senate, sitting as a Committee of the Whole, has reached certain general conclusions which are expressed in the following declarations or findings, adopted by the vote set after each:

DECLARATION NUMBER ONE.

It is the sense of the Senate, sitting as a Committee of the Whole, after having been fully advised in respect to the suggestion that a special election be called for the purpose of incurring a bonded indebtedness for the construction of buildings urgently and immediately needed, that such plan is unwise, and financially unsound at this time.

AYES—Senators Allen, Arbuckle, Boggs, Breed, Burnett, Carr, F. M., Carr, W. J., Crowley, Dennett, Duncan, Eden, Flaherty, Gates, Godsil, Harris, Hart, Ingram, Inman, Irwin, Johnson, Jones, King, Lyon, McDonald, Nelson, Osborne, Otis, Rigdon, Rominger, Rush, Sample, Scott, Sharkey, Shearer, Slater, and Yonkin—36.

NOES—None.

DECLARATION NUMBER TWO.

It is the sense of the Senate, sitting as a Committee of the Whole, that the long continued and firmly established policy of the State of California to care for the building program of the State out of its current revenues, rather than to burden future generations with bonds and interest, should be adhered to. Bonded indebtedness should be incurred only for extraordinary capital requirements or under extraordinary revenue conditions.

AYES—Senators Allen, Arbuckle, Boggs, Breed, Burnett, Carr, F. M., Crowley, Dennett, Duncan, Eden, Flaherty, Godsil, Harris, Hart, Ingram, Inman, Irwin, Johnson, Jones, King, McDonald, Nelson, Osborne, Otis, Rigdon, Rush, Sample, Scott, Sharkey, Shearer, and Slater—31.

NOES—Senators Chamberlin, Gates, and Lyon—3.

DECLARATION NUMBER THREE.

It is the sense of the Senate, sitting as a Committee of the Whole, that the State Budget Board was and is justified in reducing and eliminating the various requests for appropriations in the manner and in the amount expressed in the report of the Budget Board, and that there should be no increase in any of the amounts recommended by the Budget Board, and that there should be

no appropriations for any of the budgetable items disallowed by the Budget Board.

Tabled with the following vote:

AYES—Senators Arbuckle, Boggs, Breed, Burnett, Chamberlin, Crowley, Flaherty, Gates, Godsil, Hart, Ingram, Johnson, Lyon, McDonald, Nelson, Osborne, Otis, Rominger, Rush, Sample, Shearer, and Yonkin—22.

NOES—Senators Allen, Carr, F. M., Carr, W. J., Dennett, Duncan, Eden, Harris, Inman, Irwin, Jones, King, Rigdon, Scott, Sharkey, and Slater—15.

NEW DECLARATION NUMBER THREE.

It is the sense of the Senate, sitting as a Committee of the Whole, that the State Budget Board was and is justified in reducing and eliminating the various requests for appropriations in the manner and in the amount expressed in the report of the Budget Board, and that there should be no increase in any of the amounts recommended by the Budget Board, and that there should be no appropriations for any of the budgetable items disallowed by the Budget Board, unless new or additional evidence, other than evidence produced before Committee of the Whole, shall be introduced warranting a change in any of the items mentioned in the budget.

AYES—Senators Allen, Arbuckle, Boggs, Breed, Burnett, Canepa, Carr, W. J., Crowley, Dennett, Duncan, Eden, Flaherty, Gates, Godsil, Harris, Hart, Ingram, Inman, Irwin, Johnson, Jones, McDonald, Nelson, Osborne, Rigdon, Rush, Sample, Scott, Shearer, and Yonkin—30.

NOES—Senators Chamberlin, and Rominger—2.

DECLARATION NUMBER FOUR.

It is the sense of the Senate, sitting as a Committee of the Whole, in view of present financial conditions and the tendency of prices to fall, that none of the items recommended in the budget should cover or include any amount for any increase in the present salary or wage scale of the State, with the exception of the salaries of teachers in Normal Schools and other State educational institutions. The increases in these cases are necessary to bring the salaries up to a level with the salaries paid in the common schools and high schools.

AYES—Senators Allen, Boggs, Burnett, Carr, F. M., Carr, W. J., Dennett, Duncan, Eden, Harris, Inman, Irwin, Johnson, King, Nelson, Osborne, Otis, Rigdon, Rush, and Slater—19.

NOES—Senators Arbuckle, Breed, Chamberlin, Flaherty, Gates, Godsil, Hart, Ingram, Jones, Lyon, McDonald, Rominger, Sample, Scott, Sharkey, Shearer, and Yonkin—17.

DECLARATION NUMBER FIVE.

It is the sense of the Senate, sitting as a Committee of the Whole, that the apparent decline in the prices of food, clothing and like commodities, entering into the items of support for the various State institutions, as recommended in the budget, since the preparation thereof, justify a slightly further decrease, to wit: a decrease of 5 per cent in addition to the decrease of approximately 8 per cent already reflected in the budget recommendations for support.

AYES—Senators Allen, Boggs, Breed, Burnett, Carr, F. M., Carr, W. J., Crowley, Dennett, Duncan, Flaherty, Godsil, Harris, Ingram, Inman, Irwin, Johnson, Jones, King, Lyon, Nelson, Osborne, Otis, Rigdon, Rush, Sample, Scott, Sharkey, Slater, and Yonkin—29.

NOES—Senators Arbuckle, Chamberlin, Eden, Gates, Hart, McDonald, Rominger, and Shearer—8.

DECLARATION NUMBER SIX.

It is the sense of the Senate, sitting as a Committee of the Whole, that only such bills not budgeted should be reported as shall call for expenditures for urgent needs of the State, and that the policies of entering upon any new activities at the present time should be discouraged.

AYES—Senators Allen, Boggs, Burnett, Carr, F. M., Carr, W. J., Dennett, Duncan, Eden, Flaherty, Gates, Godsil, Harris, Ingram, Inman, Irwin, Johnson, Jones, King, Lyon, Osborne, Rigdon, Rush, Sample, Scott, Slater, and Yonkin—26.

NOES—Senators Arbuckle, Breed, Chamberlin, Crowley, Hart, McDonald, Nelson, Otis, Rominger, Sharkey, and Shearer—11.

DECLARATION NUMBER SEVEN.

It is the sense of the Senate, sitting as a Committee of the Whole, that in preparing its budget report for subsequent sessions of the Legislature, the Budget Board should report separately as to each State agency all proposed appropriations, whether general, special or emergency, together with any other

funds available for its support; also, under appropriate and uniform heads, a detailed statement under subheads all expenditures; also, under such heads, its own recommendations for expenditures during each of the ensuing two years; also, the information as to wages and salaries to show all proposed increases as well as new positions; also, all anticipated revenue accruals; also, explanatory notes to show the reason for the Budget Board's recommendations.

AYES—Senators Allen, Arbuckle, Boggs, Breed, Burnett, Canepa, Carr, W. J., Chamberlin, Crowley, Dennett, Duncan, Eden, Flaherty, Gates, Godsil, Harris, Hart, Ingram, Inman, Irwin, Johnson, Jones, McDonald, Osborne, Purkitt, Rush, Sample, Scott, Sharkey, Shearer, Slater, and Yonkin—32.

NOES—None.

GRACE S. STOERMER, Secretary.

Said hearing may be adjourned from time to time for the determination of said facts, not exceeding two weeks in all. No defect in the contents of the petition or in the title to or form of the notice or signatures, and no lack of signatures thereto, or to the petition as published, shall vitiate any proceedings thereon; *provided*, such petition or petitions have a sufficient number of qualified signatures attached thereto. The determination of said engineer shall be expressed by an order establishing the facts. If said State Engineer shall determine that any of the requirements hereinbefore set forth have not been complied with the matter shall be dismissed, but without prejudice to the right of the proper number of persons to present a new petition covering the same matter or to present the same petition with additional signatures, if such additional signatures are necessary to comply with the requirements of this act. If the State Engineer shall determine that all the said requirements have been complied with the said engineer shall forthwith proceed to hear said petition and all evidence offered in support of the petition and in support of said written objections, and the written application of any holder of title or evidence of title to lands included in said proposed water storage district to have said lands excluded therefrom, and to also receive the written application of the holder of title or evidence of title to other lands already irrigated or susceptible of irrigation from the common source and by the same system of storage and irrigation works in said petition more particularly referred to and described, to have said lands included in said district and to participate in the benefits of such water storage district. Said engineer shall ascertain and determine the practicability, feasibility, and utility of the proposed project set forth in said petition, and for that purpose may make, or cause to be made, all necessary studies, examinations, surveys, plans, and estimates of cost, and in connection therewith said State Engineer may employ all necessary engineers, attorneys, and other assistants, or acquire and use estimates, surveys, and reports theretofore made, for the accomplishment of said purposes, and the cost thereof shall not in the aggregate exceed a sum in dollars equal in amount to one-fourth the number of acres in such proposed district and shall be deemed a part of the expense of said project, and said State Engineer may require the same to be paid by the proponents of said district or may issue warrants therefor and which payment and warrants shall be considered and treated in all respects as warrants of the district and which shall be payable out of the funds of said district when the organization thereof has been completed, and the same, if necessary, may be included in any bond issue authorized for the purposes of said district. If said district shall, as a result of any election hereinafter provided for, be not organized, any warrants issued by said State Engineer or board of directors of said district upon the funds of the district shall be a charge upon the undertaking, or undertakings, hereinbefore and in section 4 of this act provided for, and shall thereupon become due and payable by the sureties therein named, and the holders of said warrants shall have a cause of action against said sureties thereon.

SEC. 6. Upon the final hearing of said petition the state engineer shall make an order reaffirming his conclusions as to the genuineness and sufficiency of the petition, affirming the regularity and sufficiency of the notice of hearing thereon, and determining the practicability, feasibility, and utility of the proposed project. The said engineer shall also in his said order establish the boundaries of the proposed district or describe the lands included therein, specify the location proposed for the storage of water to be used for any of the purposes of this act, and provide an estimate of the probable cost of the proposed project; and in so doing shall make such changes in any of the matter or proposals set forth in said petition as he may deem advisable. The said state engineer also shall in his said order divide said proposed district into five, seven, nine, or eleven divisions in such manner as to segregate into separate divisions lands possessing the same general character of water rights or interests in and to the waters of such common source, which divisions shall be numbered first, second, third, fourth, and fifth, and sixth, seventh, eighth, ninth, tenth, or eleventh, according to the number of such divisions. The order of said state engineer, made as in this section provided, shall be signed by him and entered in full upon the records kept by him. A copy of such order certified by said state engineer, together with a map showing the exterior boundaries of the district and indicating the lands if any excluded therefrom, shall forthwith be filed for record in the office of the county recorder of each county in which any of the lands within the said district are situated. The finding of said state engineer in favor of the genuineness and sufficiency of the petition and the regularity and sufficiency of the notice of hearing thereon shall be final and conclusive against all persons except the State of California upon suit commenced by the Attorney General. Any such suit must be commenced within ninety days after the date of first filing in the office of any county recorder of such certified copy of said order as hereinabove required.

SEC. 7. Said State Engineer shall, within sixty days after the filing of said order, give notice of an election to be held in the proposed district for the purpose

of determining whether or not the same shall be organized under the provisions of this act. Such notice shall describe the boundaries so established, or the lands so included, and the divisions so created, and shall designate a name for the proposed district, and said notice shall be published once a week for at least three weeks previous to such election in each county in which any land in the proposed district is situated. Such notice shall require ballots to be cast which shall contain the words "Water storage district -Yes" or "Water storage district -No", or words equivalent thereto, and also the names of persons to be voted for at said election. For the purposes of said election the State Engineer must establish a convenient number of election precincts in said proposed district and define the boundaries thereof and at least one such precinct must be established for each division of said district and said State Engineer, at the time of calling said election, shall in his order designate voting places and appoint three landholders of the district to act as a board of election at each voting place. Such election shall be conducted as nearly as practicable in accordance with the general water storage district election as in this act provided, but no particular form of ballot shall be required. Nominating petitions for officers to be elected at such election shall be filed as provided in section 39 of this act except that the same shall be filed in the office of the State Engineer.

SEC. 8. At such election there shall be elected a board of directors corresponding in number to the number of divisions in the district, and a treasurer. None of said directors shall be elected by the district at large, but one director shall be elected by each division to represent such division. Said officers shall qualify in the same manner as is provided for the qualification of the same officers elected at a general water storage district election as hereinafter in this act provided.

SEC. 9. No person shall be entitled to vote at such election unless he holds title or evidence of title to land in such district, and each qualified voter shall be entitled to vote in person or by written proxy in each precinct in which he is such holder of title or evidence of title to land, and to cast one vote for each one hundred dollar's worth, or fraction thereof, of land in said precinct owned by him.

SEC. 10. The State Engineer shall on the second Monday succeeding such election proceed to canvass the votes cast thereat and if upon such canvass it appears that a majority of all the votes cast are "Water Storage District—Yes" said engineer shall, by an order entered in the records kept by him, declare the territory duly organized as a water storage district under the name theretofore designated, and shall declare the candidate for director receiving at such election the highest number of votes in each division to be duly elected a director, and the candidate for treasurer receiving the highest number of votes in the district to be duly elected treasurer. If upon such canvass it appears that a majority of all the votes cast are "Water Storage District—No", then the result of such election shall be declared accordingly and entered of record in the records kept by the State Engineer.

SEC. 11. If such order on election shall declare the territory duly organized as a water storage district the said state engineer shall forthwith cause a copy of such order, duly certified, to be filed for record in the office of the county recorder of each county in which any portion of the lands embraced in such district is situated, and from and after such filing the organization of such district shall be complete and said district shall have the powers and rights conferred upon it by the provisions of this act. Said state engineer shall at the same time issue certificates of election to the persons declared in said order to be elected directors and treasurer.

SEC. 12. The directors and treasurer elected at such election, after qualifying by receiving their certificates of election and subscribing the official oath and giving the required bonds, shall immediately enter upon their duties and shall hold office, respectively, until their successors are elected and qualified.

SEC. 13. The directors shall on the first Tuesday after their election and qualification meet and organize as a board and select and designate an office of the board, which shall also be the office of the district, at which the board shall thereafter hold its meetings. The board shall then proceed to classify themselves by lot into two classes, as nearly equal in number as possible, and the term of office of the class having the greater number shall expire on the first Tuesday in March following the next general February election in this act provided for; and the term of office of the class having the lesser number shall terminate on the first Tuesday in March following the next general February election thereafter. After such classification the board shall elect a president from their number and shall appoint a secretary, each of whom shall hold office during the pleasure of the board. The salary of the secretary and the amount of the bond to be given by him for the faithful performance of his duties shall be fixed by the board.

SEC. 14. The board of directors shall thereafter hold regular meetings on the first Tuesday of each month at the place selected as the office of the board; *provided*, that such board may by resolution duly entered upon its minutes fix any other time or place for the regular monthly meeting, but no such change shall become effective until after the resolution making such change shall have been published once a week

for two successive weeks in the county in which the office of the board of directors is located. Such special meetings of the board of directors may be held as may be required for the proper transaction of the business of the district, but a special meeting must be ordered by a majority of the board. The order must be entered of record, and five days notice thereof must be given by the secretary to each director not joining in the order. The order must specify the business to be transacted, and no other business than that specified in the order may be transacted at such special meeting, unless all the members are present and consent to the consideration of any business not specified in said order. All meetings of the board must be public and a majority shall constitute a quorum for the transaction of business. A smaller number of directors than a quorum may adjourn from day to day. All records of the board shall be open to public inspection during business hours.

SEC. 15. The board of directors shall have in addition to the powers and authority hereinbefore and hereinafter conferred upon it, such further powers and authority as may be necessary to enable it to fully perform the duties imposed upon it by this act.

SEC. 16. The board of directors must and shall at its first regular monthly meeting levy an assessment of an equal amount upon each acre of land in said district sufficient to pay all warrants issued by the State Engineer in accordance with the provisions of this act, and in addition thereto an amount sufficient in the judgment of said board to defray all other expenses incurred or to be incurred by or for the benefit of said district prior to the appointment of the commissioners provided for in section nineteen of this act. In the event the assessment so levied for the purposes aforesaid shall not be sufficient, it shall be the duty of the board of directors to levy an additional assessment, or assessments; *provided, however*, the total of all such assessments exclusive of the amount assessed to pay all warrants issued by the State Engineer shall not exceed fifty (50) cents per acre. Thereafter if it shall become necessary to provide funds for the payment of any expense incurred by or on behalf of the district subsequent to the appointment of said commissioners and prior to the assessment provided for in section nineteen of this act, the board of directors shall levy such additional assessment, or assessments, of an equal amount upon each acre of land in said district as may be necessary to pay such expenses. Said assessment, or assessments, so levied shall constitute a lien upon the lands affected thereby until the full amount thereof is paid, which lien shall be prior to all other liens except state, county, and municipal taxes and assessments or taxes levied or assessed by or under statutory authority, and shall be collected in the same manner as other assessments provided for in this act.

SEC. 17. The board of directors shall, upon the organization of a water conservation district as in this act provided, proceed to make or cause to be made, all such examinations, surveys, detailed plans and specifications, and estimates of costs for the acquisition, appropriation, diversion, storage, conservation, and distribution of water, any drainage or reclamation works connected therewith, and the generation of hydroelectric energy incident thereto, and the sale and distribution thereof, as may be necessary or requisite to enable said board of directors to ascertain and estimate the requirements and works necessary as aforesaid for the purposes of said water storage district and the probable cost and expense thereof, and to make a report thereof as hereinafter provided. In such connection said board may use and adopt all previous estimates, surveys, reports, and other data it may have acquired or which are available to it adapted to that purpose, and may employ all necessary engineers, attorneys, and other assistants for the accomplishment of said purposes, and the cost thereof shall be deemed a part of the expense of said project, and such board may issue warrants therefor, which shall be payable out of the funds of said district and may be included in any bond issue authorized for the purposes of said district.

Upon the completion of said examination and study of the proposed project by the said board of directors, the said board shall prepare and file in the office of the State Engineer a report thereof, in which said report shall be set forth in full and in detail the character and nature of the proposed works a description of the rights, both to waters and lands, it will be necessary to acquire to carry said project to completion, accompanied by detailed plans and specifications, and a detailed estimate of the costs of said project, including the acquisition of all rights necessary to the completion and operation thereof. The board of directors shall attach to said report a recommendation that said project shall be carried out in accordance with the plans and specifications in said report contained, or that said project be abandoned. Such report when completed shall be signed by a majority of the board of directors and entered in full upon the minutes of said board. A copy of such report certified by the secretary of said board of directors shall be filed in the office of the State Engineer.

SEC. 18. If the said board of directors recommends that said project be abandoned the State Engineer shall make such further investigation of said project as is in his judgment desirable and shall within sixty days after the filing of said report make and enter upon the records kept by him an order either (*a*) approving and confirming the said report and recommendation and declaring said project abandoned,

which said order shall be without prejudice to the presentation of another petition covering the same matter, or (*b*) approving and adopting the said report but taking no action with respect to the said recommendation, and calling another election to be held in the district for the purpose of determining whether or not the recommendation of said board of directors shall be adopted or rejected. In the event the said order so made and entered by the State Engineer shall call an election, said State Engineer shall within thirty days after the entry of said order give notice of such election. Said notice shall be published once a week for at least three weeks previous to such election in each county in which any land in the district is situated. Said notice shall require ballots to be cast, which shall contain the words "Completion of project—Yes" or "Completion of project—No." For the purposes of said election the State Engineer must establish a convenient number of election precincts in said district and define the boundaries thereof, and said State Engineer at the time of calling said election shall in his order designate voting places and appoint three land holders of the district to act as a board of election at each voting place. Such election shall be conducted as nearly as practicable in accordance with the provisions of this act relating to general water storage district elections, but no particular form of ballot shall be required. The qualification of voters at said election shall be the same as prescribed for the original election on organization of district, and the votes cast at said election shall be canvassed in the same manner as votes cast at said original election, and the result of such election shall be declared and entered of record in the minutes of the board. If such result shall show a majority of all the votes cast are "Completion of project—No," the State Engineer shall make and enter in his records an order declaring said project abandoned, and requiring all persons, except the holders of warrants issued pursuant to the provisions of this act and which have been duly presented for payment, having claims against said district, or proposed district, to file them with the necessary vouchers within three months from the making of said order in the office of said State Engineer. Notice of said order requiring presentation of claims stating the time and place thereof shall be published in the county in which the office of the district is located by said State Engineer once a week for four successive weeks, the first publication of which said notice shall be made within ten days after the making of said order. After all warrants issued under the provisions of this act which have been duly presented for payment and all claims that have been duly presented and have been allowed and approved by said State Engineer or the board of directors of said district, have been paid, said State Engineer shall forthwith cause a copy of said order declaring said project abandoned, duly certified by said State Engineer, to be filed for record in the office of the county recorder of each county in which any portion of the land embraced in said district is situated, and from and after such filing said district shall be deemed dissolved and all liens which may have attached to any of the lands therein under any provisions of this act shall be discharged and any undertaking given pursuant thereto shall be annulled and of no further effect. If the canvass of the votes cast at such election show a majority of all votes cast are "Completion of project—Yes" said State Engineer shall thereupon appoint the commissioners provided for in section 19 of this act and thereafter such proceedings shall be taken and followed as are provided in said section 19 and subsequent sections of this act.

SEC. 19. If the board of directors recommends that said project be carried out in accordance with the plans and specifications in its said report contained and if within sixty days after the filing of said report in the office of the State Engineer there shall be presented to and filed with said State Engineer a petition signed by the owners of more than fifteen per cent of the total assessed valuation of the land in the district requesting that an election be held to ascertain whether such recommendation of the board of directors shall be adopted, the State Engineer shall immediately give notice of such an election, which election shall be held and conducted and the result thereof determined and declared in all respects as provided in section 18 of this act, and if the result of such election shows a majority of all votes cast are "Completion of project—No" the project shall be deemed abandoned and proceedings shall be thereafter taken as provided in said section 18 in case of abandonment, but if no petition shall be filed as aforesaid or if an election be held and the majority of the votes cast thereat are "Completion of project—Yes" then the State Engineer shall forthwith appoint three commissioners whose duty it shall be to assess the cost of the project upon the benefited lands within the district, which shall be done, and the said cost shall be apportioned in accordance with the benefits that will accrue to each tract of land held in separate ownership in said district by reason of the expenditures of said sums of money, and the completion of the project, such assessment to be in gold coin of the United States. One of said commissioners shall be a civil engineer and one shall have a practical knowledge of irrigation, and none of said commissioners shall have any interest in any land in the district either directly or indirectly, and each commissioner before entering upon his duties shall take and subscribe an oath that he is not in any manner interested directly or indirectly in any land in the district and that he will perform the duties of commissioner to the best of his ability, and said commissioners shall be paid as compensation for the services rendered by them such sum, or sums, as the State Engineer shall fix and determine, which shall be considered a part of the cost of the project, and said

State Engineer may issue warrants therefor, which shall be payable out of the funds of said district and may be included in any bond issue authorized for the purposes of said district. The said commissioners shall receive from the board of directors of the district the detailed plans, specifications, and estimate of the costs of the project, which have theretofore been duly approved by the State Engineer. The said commissioners shall thereupon prepare and certify to the State Engineer in triplicate rolls which shall contain:

(1) A description of each tract assessed held in separate ownership by legal subdivisions, governmental surveys, or other boundaries sufficient to identify the same;

(2) The number of acres in each tract;

(3) The name and address of the owner of each tract, if known, and if unknown, that fact, but no mistake or error in the name of the owner or supposed owner of the property assessed, and no mistake in any other particular, shall render the assessment thereof invalid;

(4) The rate per acre of such assessment upon said tract;

(5) The total amount of the assessment as computed;

(6) Any other statement which may be required by the State Engineer and as to which notice is given in writing to the commissioners at the time of transmitting the plans and specifications and costs of the work for the district beforementioned.

The rolls shall be separately made for lands lying within different counties contained within said district. Said rolls when completed shall be accompanied by the written report of the commissioners wherein is set out with particularity the exact nature and quantum of the benefits so assessed, both in respect of the right in and to stored surplus waters, and the right to store water in the reservoir or reservoirs of the district, apportioned and allocated to each such tract of land in said district and also through any drainage or reclamation work connected therewith. In such report lands embraced within a comprehensive area or a political subdivision of the State may be referred to generally as lands lying within such area or subdivision without further description.

In the event of the conveyance of a part of a tract of land in said district and in the absence of any provision in the instrument conveying the same said lands so conveyed shall be deemed to share ratably in the benefits apportioned to the entire tract.

Said rolls when completed shall be duly certified by said commissioners and forthwith by them filed in the office of the state engineer. Thereafter the executive directors and the president of the board of directors of the water storage district in which the lands described in said rolls are situated shall become and constitute a board, in the nature of a board of equalization, which shall be known and designated as the "adjustment board" and whose functions shall be to consider and act upon objections, if any, presented as herein provided to the assessment made by said commissioners. For that purpose said adjustment board shall at once organize by the election from its members of a president and a secretary and shall thereupon appoint times and places not less than thirty days after said rolls have been filed when and where it will meet within each county wherein lands of said district are situated for the purpose of hearing objections to said assessments, and notice of such hearing shall be published at least once a week for two successive weeks in each county in which any land within said district may be situate. Said objections, if any, must be in writing verified and filed with the State Engineer, and shall set forth the grounds of such objections. Such verification shall be made by the affidavit of the objector or some other person who is familiar with the facts. Said adjustment board may postpone such hearings from time to time. At such hearings the adjustment board shall hear such evidence as may be offered touching the correctness of such assessment, and may modify, amend, or approve the said assessment in any particular and may reapportion the whole or any part thereof; *provided, however,* that no assessment shall be increased except after personal notice or notice by registered mail given to the owner if known, or if unknown by publication at least once a week for two successive weeks in the county in which such land in the district may be located, and upon a hearing of objections thereto if made.

Said adjustment board, after said hearings, must make an order approving such assessment as finally fixed or modified, which order shall be filed with and entered in the records of the state engineer, and the apportionment and determination of said adjustment board shall be final and conclusive, and no action or defense shall ever be maintained attacking the same in any respect. Two copies of said assessment roll as finally fixed and approved by the adjustment board shall be forthwith certified by the secretary of such adjustment board and transmitted to the board of directors of the said district, who shall file one copy in their records and thereupon immediately transmit to the county treasurer of each county within such district that portion of the roll relating to the lands within such county, together with a copy of the order of approval of such assessment roll by said adjustment board. Thereafter said assessment roll shall be conclusive evidence before any court or tribunal that said assessment has been made and levied according to law.

When the board of directors shall file with the county treasurer of a county within such district the said assessment list or roll as finally approved as hereinbefore

provided the charges assessed thereby upon the several tracts of land within the county shall constitute a lien thereon which shall be prior to all other liens except state, county, and municipal taxes, and assessments or taxes levied or assessed by or under statutory authority, and shall impart notice thereof to all persons. Where bonds of such district have been issued upon any such assessment no act or conduct on the part of such board of directors, or any officer herein mentioned, shall invalidate any such assessment after the same shall have become a lien in the manner herein provided.

SEC. 20. The assessment list of each county must remain open for payment in full in the office of the county treasurer of the respective counties within the district for a period of thirty days; and during the time they so remain any person may pay the amount of the charge assessed against any tract of land to the county treasurer in gold coin of the United States or in warrants of the district drawn by the state engineer or the board of directors, or the proper officers thereof.

SEC. 21. At the end of thirty days the treasurer must make return to the board of directors of the district of all assessments paid. All unpaid assessments shall bear interest at the rate of seven per cent per annum. Thereafter all unpaid assessments and accrued interest shall be collected when and as called, and paid to the treasurer of the county or counties, who shall collect and hold such moneys to the credit of the district. Unless bonds shall have been authorized as hereinafter provided, all such payments shall be made in such amounts or installments and at such times respectively as the said board, from time to time, in its discretion, by order entered in its minutes, may direct. Upon making any order fixing and calling such installment or amount, the secretary shall also enter in the minutes of the board, and certify to each county treasurer for signature and mailing or publication in the counties in which any lands within the district are situated a notice in substantially the following form:

Name: (Name) water storage district.

(Location of the principal place of business.) Notice is hereby given that, at a meeting of the board of directors held on_____ ____ an installment of _____per cent. of assessment No._____was ordered paid within sixty days from the date thereof to the respective county treasurers of the counties wherein lands of such district are situate. Any installment which shall remain unpaid on the (day fixed) will be delinquent, together with the accrued interest thereon, with twenty per cent. of such installment and interest added as penalty.

(Signed) _____

Treasurer of_____County.

Such notice must be sent through the mail, addressed to each owner of land in the district at his place of residence if known or entered upon the assessment roll of the district, and if not known, at the place where the principal office of the district is situated, or in lieu thereof such notice shall be published once a week for two successive weeks in each such county.

If any such installment shall remain unpaid at the expiration of said sixty days from the date of the order then the whole remaining uncalled portion of said assessment shall become delinquent, together with the accrued interest thereon and a penalty of twenty per cent. of the amount of said installment and interest shall be added thereto and collected for the use of the district.

Immediately after the said installment has become delinquent the said county treasurer or county treasurers must publish once a week for two successive weeks in each county wherein lands of the district are situate, in one notice a list of all delinquencies in such county, which notice shall contain a description of the property assessed, the name of the person to whom it is assessed or a statement that it is assessed to unknown owners, if such is the fact, the amount then due on said property, and a notice that the property assessed will be sold on the date therein stated in front of the courthouse of said county to pay the amount then due on said property. The date of said sale shall not be less than ten days after the date of the last publication of said notice. At the time stated in said notice, or such other time to which said sale may have been postponed, the county treasurer must sell said property to the highest bidder for gold coin of the United States. Out of the proceeds of said sale the county treasurer must deposit the amount due on said property as shown in said notice to the proper fund of the said district. The county treasurer must pay to the owner of said property any surplus remaining after said deposit to the credit of the district, after first deducting any expense of sale. Except where bonds have been issued upon an assessment the board of directors may direct the county treasurer to postpone said sale from time to time for not less than ten nor more than thirty days at one time, by a written notice posted at the place of sale.

If no bid is made for said property equal to the amount due thereon, it must be struck off to the district for the said amount so due. A certificate of such sale shall be executed by the county treasurer to the purchaser, or to the district if the property shall have been struck off to the district, and this certificate of sale shall be recorded in the office of the county recorder of said county. Any person interested in said property may redeem the same at any time within one year after the date of

said sale, by paying to the county treasurer the amount for which the said property was sold, and interest on the said sum at the rate of two per cent. per month from the date of said sale, which amount shall be credited to the proper fund of said district.

If no redemption shall be made within said one year, the purchaser or the district, if the property shall have been sold to the district, shall be entitled to a deed executed by the county treasurer or his successor in office, and the effect of such deed shall be to convey said property free and clear of all liens and incumbrances, except State, county, and municipal taxes, assessments or taxes levied or assessed by or under statutory authority and any subsequent district assessment. The board of directors may sell such property sold to the district at any time at public auction after notice given for the same period and in the same manner as is herein provided for sale of delinquent assessments, but not for a sum less than the amount for which said property was sold, with interest at seven per cent. per annum, and the deed executed in pursuance of such sale shall convey said property free of all incumbrances except as hereinabove provided for said deed by the county treasurer.

SEC. 22. Thereafter, whenever in the opinion of the board of directors of the district, it shall be necessary to raise any sum for the maintenance, repair, or operation of works of the said district, or for the management and conduct thereof, the said board shall make an order, which order shall be entered in the minutes of the board and shall recite the total amount necessary to be raised, and shall fix a rate designating the number of dollars or cents to be levied on each one hundred dollars of the original assessment theretofore made by the commissioners. Thereafter the board shall complete said assessment by inserting upon supplementary assessment rolls the total amount assessed against each respective tract or parcel of land to be assessed. The supplemental assessment roll herein provided for shall be filed with the county treasurer of each county of said district wherein lands of such district are situate, and thereafter collected in the same manner provided for the collection of the original assessment. The board of directors may call the whole or any part of such supplementary assessment in one installment, or may call the same in several installments.

The said report of the commissioners allocating the assessment levied for the purposes of the construction and maintenance of the original project, after having been approved and filed for record in each county as aforesaid, shall continue in force as the basis for apportioning and allocating subsequent assessments for construction, maintenance, repair, or operation of the works of the project, and for the incidental expenses of conducting the said district. All provisions of this act, with respect to the levy and collection of assessments, shall be applicable to such supplemental assessments.

SEC. 23. In the event that the original assessment is insufficient to provide for the completion of the project or if the board of directors of the district should determine that it is for the best interests of the land owners in the district to acquire property or construct works in connection with said project which are not contemplated and covered by the original plans and estimates herein provided for, the board of directors is authorized to levy and collect a special and additional assessment in the manner and proportions herein provided for other assessments sufficient to complete the project or to acquire the property or construct the works desired unless the estimated cost of such completion of the project or acquisition of property or construction of works shall in the aggregate exceed ten per cent. of the estimated cost of the original project and in that event a statement of the work necessary to be done to complete the project and the estimated cost thereof or descriptions of such property to be so acquired, or additional plans and specifications of such works, as the case may be, shall be prepared by the board of directors and filed with the State Engineer and thereafter the board of directors shall call a special election, to be held within said district, at which shall be submitted to the owners of assessed lands in the district the question whether or not the said property shall be acquired or the additional works shall be constructed in accordance with the plans so prepared as the case may be. If a majority of the votes cast shall be in favor of acquiring the property or constructing the works the board of directors shall proceed to levy and collect an assessment covering the cost thereof in the manner and proportions herein provided for other assessments. Such election shall be conducted, save and except as in this section otherwise specifically provided, in accordance with the provisions of this act relating to other elections in the district.

SEC. 24. Whenever in any water storage district any assessment has been levied and assessed upon the lands of said district and remains unpaid in whole or in part, and, in the judgment and opinion of the board of directors of said district, it shall be for the best interest of the district or the landowners therein to issue bonds for the purpose of obtaining money to pay the costs of the proposed project, the indebtedness of the district, or any other lawful charge, or when a petition signed by the owners of more than one-fourth of the total acreage of the assessed land in the district requesting it is filed with the secretary of said board, the board of directors of such district shall by order entered upon the records of said board order a special

election to be held in said district, at which special election shall be submitted to the owners of assessed land in said district the question whether or not bonds of said district shall be issued in an amount equal to the amount of such assessment, or the part of such assessment remaining unpaid, which said amount shall be entered by said board of directors in its records and stated by them in the order for such special election.

The notice of such special election must state in addition to other statements required to be made therein, the aggregate face value of bonds proposed to be issued. Only owners of lands which have been assessed as provided herein shall be qualified to vote at such election. Such election shall be conducted, save and except as in this section otherwise specifically provided, in accordance with the provisions of this act relating to other elections in the district.

The ballots cast at such election shall contain the words: "Bonds—Yes", or the words: "Bonds—No", and also the name of the person casting the ballot, with the number of votes cast by him. A list of the ballots cast shall be made by the board of election containing the names of each voter, and if the ballot be cast by proxy also the name of the person casting it, and the number of votes cast by each, and whether the same be cast for or against the issuing of the bonds. At the close of the polls the board of election shall at once proceed to canvass the votes and declare the result and shall deliver a certificate showing such result and the number of votes cast for and against the issuing of such bonds to the county clerk of the county, and shall deliver a duplicate thereof to the board of directors of the district, and shall also deliver to the said county clerk all ballots cast at such election within said county and all documents and papers used at such election, and except as in this section specifically provided the provisions of this act with reference to all matters pertaining to elections shall govern and control. The county clerks of the respective counties shall immediately upon receipt of the ballots, papers, and documents from the board of election certify to the board of directors at its office a statement of the result of said election held in each of said counties, with a statement of the number of votes for and in favor of the proposition of "Bonds—Yes" and opposed "Bonds—No". The board of directors shall thereupon in a certificate in writing recorded in their minutes declare that the proposal to issue bonds has carried or has been defeated, and stating therein the vote cast throughout the entire district, and a duplicate of such certificate shall be immediately transmitted to the State Engineer.

If a majority of the votes cast at such election are in favor of the issuance of bonds, the board of directors of the district shall cause bonds in the amount stated in the order for the election to be executed and delivered, together with the assessment list segregated as to counties within said district, to the treasurer of said district. Said bonds shall be of the denomination of not less than one hundred dollars nor more than one thousand dollars each; they shall be signed by the president of the board of directors of the district and attested by the treasurer of said district, and shall be numbered consecutively in the order of their maturity, and shall bear interest at a rate not to exceed six and one-half per cent, per annum payable semi-annually on the first day of January and the first day of July in each year at the office of said treasurer, and at any other place within the United States which may be designated by said board, upon the presentation of the proper coupons therefor. Coupons for each installment of interest shall be attached to said bonds and shall bear the fac simile signature of the treasurer of said district. The principal of said bonds shall be made payable on the first day of July, or the first day of January, and in such years as the directors may prescribe. Said bonds shall be payable serially within thirty years from their date in the manner following, to wit:

(1) Not less than ten per centum of the aggregate face value of such bonds issued shall be payable within ten years from their date;

(2) Not less than four and one-half per centum of the aggregate face value of such bonds remaining unpaid at the end of ten years shall be payable each year beginning with the eleventh year from their date, until the whole amount of said bonds has been paid.

Said bonds shall be substantially in the following form:

Treasurer.

The treasurer of said district shall place the bonds prepared pursuant to this act to the credit of the district. Thereafter when directed by resolution of the board of directors of the district, the treasurer shall sell the whole or any designated number of said bonds for the best price obtainable, but in no event for less than ninety per cent of the face value of said bonds and the accrued interest thereon. Before making a sale of said bonds, notice shall be given by the said treasurer by publication at least once a week for two successive weeks in the county in which the office of said district is located, that he will sell a specified amount of said bonds, and stating the day, hour, and place of such sale, and asking sealed proposals for the purchase of said bonds, or any part thereof. At the time appointed said treasurer shall open the bids and award the bonds to the highest responsible bidder. The treasurer upon written request of a majority of the directors must reject any or all bids. Any sale by the treasurer and delivery of the bonds thereunder shall be conclusive evidence in favor of the purchaser and all subsequent holders of the bonds that such sale was made upon due authority and notice. The proceeds of sale of said bonds shall be placed in the treasuries of the respective counties in which land included in the district is situate to the amount of the unpaid assessment in each county and credited to the bond fund of the district, and a proper record of such transaction shall be made upon the books of said treasurer. At any time within thirty days after the issue of any bonds as the result of such election an action may be commenced in the superior court of any said counties by the board of directors of said water storage district in the name of the district as plaintiff, and the defendants shall be described as "all persons claiming any interest in any lands within the said (Name) Water Storage District", to have it determined that said bonds are a legal obligation of such water conservation district, and in the event no such action is brought then the same may be commenced by any land owner in the district within thirty days after the expiration of the period within which said action might have been brought by the board of directors. It shall be sufficient to describe said lands as all lands in the district (naming it) without a more specific description. The summons shall be published once a week for two successive weeks in the county where the action is pending. Within thirty days after the first publication of summons any owner of land in such district or any person interested may appear and answer the complaint, which answer shall set forth the facts relied upon to show the

invalidity of said bonds. The default of all defendants not so appearing may be entered. Such action shall be given precedence in hearing and trial over all other civil actions in such court, and judgment rendered declaring such matter so contested either valid or invalid. Any party not in default may have the right to appeal to the supreme court within thirty days after the entry of judgment. Judgment for the plaintiff in such proceedings shall be considered as a judgment in rem and shall be conclusive against said district and against all lands therein, and all owners thereof and other interested persons.

All moneys collected by a county treasurer upon any assessment upon which bonds shall have been issued, including all moneys derived from sale of land for delinquent installments, or from redemption thereof, or from sale of lands bought by such treasurer at any such sale as trustee of the bond fund of the district, shall be by such treasurer forthwith paid into the county treasury of the county from which the same arose to the credit of the bond fund of such water storage district, and shall be used exclusively for the payment of principal and interest of said bonds issued on such assessment.

Whenever the board of directors shall by resolution declare that it deems it desirable that any contemplated or outstanding bonds of a water storage district organized under this act, including any bonds of such district authorized but not sold, shall be made available for the purpose provided for in section 7 of an act of the Legislature of the State of California entitled "An act relating to bonds of irrigation districts, providing under what circumstances such bonds shall be legal investments for funds of banks, insurance companies, and trust companies, trust funds, State school funds and any money or funds which may now or hereafter be invested in bonds of cities, cities and counties, counties, school districts or municipalities, and providing under what circumstances the use of bonds of irrigation districts as security for the performance of any act may be authorized", approved June 13, 1913, as amended, the said board of directors shall thereupon file a certified copy of such resolution with the commission created by, and provided for in, said act of June 13, 1913, which commission, and the State Controller in connection therewith, are hereby given the same power and authority in respect of the investigation and certification of bonds issued under this act as is given to them in respect of the investigation and certification of irrigation district bonds by said act, as amended, except as the same may be limited by, or inconsistent with, any provision of this act, and bonds of water storage districts provided for in this act which have been so investigated and certified and by authority of such investigation and certification are declared to be legal investments for the purposes stated in said act of June 13, 1913, as amended, may be lawfully purchased, or received in pledge for loans by savings banks, trust companies, insurance companies, guardians, executors, administrators, and special administrators, or by any public officer or officers of this State or of any county, city, or city and county, or other municipal or corporate body within this State having or holding funds which they are allowed by law to invest or loan; *provided, however*, that where said irrigation district bond commission has passed upon one issue of bonds of district formed hereunder that all subsequent issues of said districts shall be submitted to said commission in said act provided.

The lien of any unpaid assessment upon which bonds shall have been issued shall continue until all said bonds shall have been paid in full, and if for any reason any part of the principal or interest of said bonds shall remain unpaid after enforcement of said assessment as in this act provided, the board of directors shall order an additional or supplemental assessment to be made as provided in this act sufficient to pay such unpaid principal and interest; which additional or supplemental assessment shall be enforced and collected in the same manner as the original assessment.

If any district having authorized the issuance of a series of bonds shall issue an additional series of bonds based on another assessment, the dates of maturity of such additional series of bonds shall be such that the latest maturities thereof shall not exceed forty years and the earliest maturity of bonds of such additional series shall be later than the latest maturity of bonds of any earlier series. All provisions of this section relative to the original issue of bonds shall apply to such additional series of bonds.

Upon a sale of any of the bonds provided herein the treasurer of the district is hereby authorized to accept in payment for said bonds, either in whole or in part, outstanding warrants of such district at their face value, together with the accrued interest thereon.

Where bonds of the district have been authorized to be issued on such assessments all unpaid assessments shall bear interest at the rate of seven per cent per annum from the date of the bonds issued thereon until such bonds shall have been fully paid and discharged, and the interest due at any time on said unpaid assessments may be called without calling any installment of the said assessment. The

word installment as used in this section shall be construed as applying to interest as well as to prinicpal as the case may be.

At least ninety days before any interest date of the bonds, the treasurer of the district shall certify to the county treasurer of each county in which lands of the district are situated an estimate of the amount of money and the percentage of the assessment together with interest thereon, or only of the interest, necessary to pay interest and principal or the interest maturing on such interest date after crediting thereon the funds in the treasury applicable to the payment thereof to be collected by such county treasurer, and shall add thereto fifteen per cent of such aggregate sum to cover possible delinquencies, and each said county treasurer shall thereupon cause to be published, once a week for two successive weeks in the county of which he is county treasurer, a notice substantially in the following form:

(Name of water storage district). Notice is hereby given that an installment of assessment (describing it) of (amount or proportion thereof including interest thereon or only for interest) is payable within thirty days from date by all assessed landowners of said district in the county of (name of county) to the treasurer of said county. All or any part of said installment of interest which remains unpaid on the (day fixed) will be delinquent, together with accrued interest thereon, with twenty per cent of such installment and interest added as penalty.

Dated: _____

(Signed) _____

Treasurer of _____ county.

If no newspaper is published in said county, such publication shall be made in a newspaper published in an adjoining county. If any part of such installment or any interest thereon shall remain unpaid at the expiration of thirty days from the date of said notice, it shall become delinquent and twenty per cent of the unpaid amount of said installment and interest shall be added thereto and collected by said county treasurer. When any installment shall have become delinquent, said treasurer shall, within ten days, publish in said county once a week for two successive weeks a notice containing a description of each parcel of land assessed in the district in said county wherein such installment is delinquent, as such description appears on the assessment list, the name of the person to whom it is assessed, to unknown owners, if such is the fact; the amount of the installment delinquent on such parcel, the amount of interest thereon reckoned to the day of sale, the amount of said twenty per cent penalty thereon, and a notice that each of said parcels will be sold at public auction by said county treasurer in front of the courthouse of said county, at a specified day and hour, which shall not be less than thirty nor more than sixty days from the date of delinquency, to pay said delinquent installment, with said accrued interest and penalty. At the time stated in said notice, the county treasurer shall sell each parcel of land described in said notice to the highest bidder, unless prior thereto he shall have received payment in full of said delinquent installment, together with interest and penalty. No bid for any parcel shall be accepted less than the aggregate sum then due on said installment thereon with interest and penalty, and such sale shall be made for cash, except the treasurer may receive from any purchaser at their face value in lieu of cash bonds of said district or their interest coupons, issued on said assessment and then matured or to mature within sixty days after such sale. Any bond or coupon so received in payment shall be by the county treasurer forthwith canceled and filed in the office of the treasurer of said district. If the entire amount of such bond or coupon tendered in payment shall not be required to complete payment of the purchase money, the county treasurer shall endorse thereon as paid the amount of such purchase money credited thereon. If no bid is made for any parcel at such sale equal to the amount of the installment delinquent thereon, with interest and penalty, the county treasurer shall bid in and sell said parcel to himself and his successors in office, as trustee of the bond fund of said district, as purchaser, for the amount of said installment, interest, and penalty. The county treasurer shall execute to each purchaser, including himself as trustee a certificate of sale, and shall record a duplicate in the county recorder's office. Any person interested in the said property may redeem the same at any time within one year after the date of sale by paying to the county treasurer for such purpose a sum equal to the purchase price stated in the certificate, with interest thereon at the rate of twelve per cent per annum from the date of sale to such redemption. If no redemption shall be made within one year, the said county treasurer upon demand and surrender of such certificate of purchase, shall execute to the purchaser, his heirs or assigns, a deed of conveyance of the parcel of land described in such certificate, which deed shall convey to the grantee therein named the said land free and clear of all encumbrances, except state, county and municipal taxes, assessments or taxes levied or assessed by or under statutory authority, and any subsequent water storage district assessment remaining unpaid at the date of said sale each installment whereof may be called and collected as herein provided, except that no parcel sold and conveyed to the district shall thereafter be subject to sale by the county treasurer for delinquent installments. Every deed by a county treasurer purporting to be executed under this section shall be prima facie evidence of the truth of the matters therein recited, and of ownership by the grantee of the lands therein

described. The county treasurer of each county shall credit to the bond fund of the district all moneys collected by him by sale or otherwise, upon assessments against which bonds shall have been issued, including interest and penalties, and he shall likewise credit to said fund the amounts of purchase money paid in bonds or coupons on sales made under said assessment. Each county treasurer shall charge to the general fund of the district, or to the bond fund if he has no money to the credit of the general fund, the expense of publication of notices and of recording certificates of sale, and shall notify the treasurer of the district thereof. The county treasurer shall transmit to the treasurer of the district all canceled bonds and coupons received in payment on any delinquent sale, and a memorandum of all sums endorsed as paid upon account of purchase money on any bonds or coupons, specifying the same. All moneys collected by any county treasurer upon account of an assessment on which bonds shall not have been issued shall be similarly accounted for to the treasurer of the district, and shall be credited to the general fund of the district. Any parcel of land bid in and purchased by any county treasurer as aforesaid, as trustee of the bond fund of the district, may be sold and conveyed by him or his successor in office at any time after the expiration of said redemption period of one year, at public or private sale and with or without notice, to any person paying him the amount for which said parcel was bid in by said treasurer at delinquent sale, with interest thereon at the rate of seven per cent per annum, compounded yearly, from the date of said delinquent sale, and also the amount of all subsequent installments then delinquent, with accrued interest and penalties thereon. Such payment may be made either in cash or in matured bonds and coupons issued on said assessment, taken at their face value, and such treasurer shall execute a deed to such purchaser upon such sale, conveying said property free of encumbrances, except as hereinbefore provided for deeds where no redemption is made. If any land so held by a county treasurer as trustee of the bond fund of a district shall remain unsold after the final installment of the assessment shall have been collected by payment or sale, then each such treasurer shall sell all said land so held by him at public auction to the highest bidder for cash, upon once a week for two weeks published notice in said county, and shall deposit the proceeds of such sale in the treasury of the county to the credit of the bond fund of the district. Any balance remaining in such bond fund, after payment in full of the principal and interest of all outstanding bonds of the district, shall be by the treasurer transferred to the general fund of the district. The county treasurer of each of the several counties shall report all transactions of delinquencies and sales to the treasurer of the district who shall keep a record thereof in the office of the district.

SEC. 25. The board of directors shall have the power and it shall be its duty to manage and conduct the business and affairs of the district; to adopt a seal; to make and execute all necessary contracts; to employ and appoint such agents, officers, and employees as may be required, and prescribe their duties. The board and its agents shall have the right to enter upon any lands to make surveys, locate works, or for any other necessary and lawful purpose. The board shall have the power to construct, maintain, improve, and operate the necessary dams, reservoirs, canals, and works for the storage and distribution of water, and any drainage or reclamation works connected therewith, and to provide for the generation and distribution of hydro-electric energy incidental to such storage and distribution and shall have the power to sell, distribute, or otherwise dispose of, such water, water rights, and hydro-electric energy. The board shall also have the right to acquire by purchase, lease, contract, or other legal means, all lands, waters, water rights, or any use thereof or interest therein, and any other property or rights by it deemed necessary for the construction, maintenance, improvement, and operation of the works or the carrying out of the project of the district, whether the same be in this or another state or foreign nation, including the property and rights of private owners, and stocks of other corporations domestic or foreign, and may give in payment therefor bonds of such district upon such terms and conditions as the board of directors may deem best; *provided, however*, that no bonds shall be so used at a valuation less than ninety per cent of the face value of the same and the accrued interest thereon. Said board may also enter into, and do any acts necessary or proper for the performance of, any agreement with the United States or with any state, county, district, public corporation, or municipality of any kind, for a purpose appertaining to or beneficial to the project of the district, and may acquire the right to store water in any reservoir, or to carry water through any canal, ditch or conduit within or without this State not owned or controlled by the district and may grant to the owner or lessee of a right to the use of any water permission to store such water in any reservoir of the district, or to carry such water through any canal, ditch, or conduit of the district. The said board is hereby authorized and empowered to take conveyances, leases, contracts, or other assurances for all property acquired by it under the provision of this act, in the name of such district, to and for the uses and purposes herein expressed, and to institute and maintain any and all actions and proceedings, suits at law or in equity necessary or proper in order to fully carry out the provisions of this

act, or to enforce, maintain, protect or preserve any and all rights, privileges, and immunities created by this act or acquired in pursuance thereof. All contracts and other documents executed by the board shall be signed by the president and by the secretary. And in all actions, suits, or proceedings, the said board may sue, appear, and defend in person or by attorneys, and in the name of such district. The board of directors shall have power whenever it deems it necessary for its own guidance or for the best interests of the district to submit any question or proposition relating to the construction, maintenance, improvement, or operation of the works or the carrying out of the project of the district, to the qualified voters of the district at any general election or at a special election called for the purpose, which election shall be in all respects conducted as is provided for other elections in the district. The said board shall have power generally to perform all such acts as may be necessary to fully carry out the purposes of this act.

SEC. 26. The board of directors shall have the right and power to acquire by condemnation all lands, waters, water rights, or any use thereof or interest therein, and any other property or rights by it deemed necessary for the construction, maintenance, improvement, and operation of the works, or the carrying out of the project of the district. In case of condemnation proceedings the board shall proceed in the name of the district under the provisions of section 14 of article I as amended of the constitution of the State of California, and title VII, part III of the Code of Civil Procedure of California and all pleadings, proceedings, and process in said title provided shall be applicable to the condemnation proceeding hereunder.

SEC. 27. The board of directors shall proceed to carry out the project of the district in accordance with the plans and specifications of the duly approved and adopted report of said board. Before making any contract for the construction of any works in carrying out said project, or for the subsequent maintenance, improvement, or operation thereof, said board shall advertise for bids. When such work is to be done said board shall give notice by publication thereof in the county in which the office of the board is located once a week for four successive weeks, calling for bids for the same. If less than the whole work provided for in said plans and specifications is to be done and advertised, the portion to be done must be particularly described in such notice. Said notice shall set forth that plans and specifications of the work to be done can be seen at the office of the board, and that the board will receive sealed proposals therefor, and that the contract will be let to the lowest responsible bidder, stating the time and place for opening said proposals, which, at the time and place appointed shall be opened in public; and as convenient thereafter the board shall let said work either in portions or as a whole, to the lowest responsible bidder; or it may reject any or all bids and readvertise for proposals or may proceed to construct the work under its own superintendence: *provided*, that in case of emergency or urgent necessity the board of directors, by unanimous vote of those present at any regular or special meeting, may award contracts without advertising for bids, but the amount of any contract so awarded shall not exceed ten thousand dollars. Contracts for the purchase of materials only shall be awarded to the lowest responsible bidder. Any person or persons to whom a contract may be awarded shall enter into a bond, with good and sufficient sureties, to be approved by the board, payable to said district for its use, for twenty-five per cent of the amount of the contract price, conditioned for the full and faithful performance of said contract. The work shall be done under the direction and to the satisfaction of, and be approved by the board.

SEC. 28. All claims against the district shall be paid by warrants of said district. To provide a fund for that purpose the board of directors may from time to time draw from the general fund deposited and kept to the credit of the district in the office of the county treasurer of a county having funds belonging to the district in his possession sums aggregating not more than twenty-five thousand dollars, which said sum shall be deposited with the treasurer of the district and paid out by him upon warrants of the district, and he shall report to the board of directors in writing at its regular meeting in each month the amount of money in the district treasury and the amount of receipts and the amount of items of expenditures for the month preceding, which said report shall be verified and filed with the secretary of the board.

SEC. 29. During the construction of any works in carrying out the project of any water storage district the board of directors of such district shall, within one week after each regular meeting of said board, forward to the State Engineer a report of the progress of such construction together with a statement of the amount, or amounts, paid for the doing of such work. The board of directors at their regular monthly meeting in January of each year shall render and immediately thereafter cause to be published in the county where the office of said board is situated at least once a week for two successive weeks a verified statement of the financial condition of the district, showing particularly the receipts and disbursements of the last preceding year, together with the source of such receipts and purpose of such disbursements. Immediately after the publication of said statement the board of directors shall cause a copy thereof accompanied by a report stating the progress of the work under construction and the general condition of the project and whether or not the same is being successfully and satisfactorily carried out, and any other matter which the board may deem proper, to be filed with the State Engineer, who shall examine said statement and report and make to the board of

directors such recommendations and comments as he may deem proper and may publish said recommendations and comments in such manner as may be deemed advisable. Said State Engineer may at any time make or cause to be made an examination of the affairs of any water storage district within the State or call upon the board of directors of such district for such information as he may desire, and may make and publish such report thereon as he may deem advisable.

SEC. 30. The board of directors shall have power to construct the said works across or intersecting any stream of water, watercourse, street, avenue, highway, railway, canal, ditch, or flume, in such manner as to afford security for life and property; but said board shall restore the same, when so crossed or intersected, to its former state as near as may be, or in a sufficient manner not to have impaired unnecessarily its usefulness; and every company whose railroad shall be intersected or crossed by said works shall unite with said board in forming said intersections and crossings, and grant the privileges aforesaid; and if such railroad company and said board, or the owners and controllers of said property, thing, or franchise to be so crossed, can not agree upon the amount to be paid therefor, or the points or the matter of said crossings or intersections, the same shall be ascertained and determined in all respects as is herein provided in respect to the taking of land. The right of way is hereby given, dedicated, and set apart for the location, construction, and maintenance of said works over and through any of the lands which are now or may be the property of this State; and also there is given, dedicated, and set apart, for the uses and purposes aforesaid, all waters and water rights belonging to this State within the district.

SEC. 31. The members of the board of directors when sitting as a board or acting under the orders of the board, shall each receive not to exceed ten dollars per day and ten cents per mile for each mile actually traveled from his place of residence to the office of the board, and actual and necessary expenses paid while engaged in official business under the order of the board. The board shall fix the compensation to be paid to all other officers and employees named in this act, to be paid out of the treasury of the district, except as herein otherwise provided.

SEC. 32. No director or any other officer named in this act shall in any manner be interested, directly or indirectly, in any contract awarded or to be awarded by the board, or in the profits to be derived therefrom; and for any violation of this provision, such officer shall be deemed guilty of a misdemeanor, and conviction shall work a forfeiture of his office, and he shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

SEC. 33. The board of directors or other officers of the district shall have no power to incur any debt or liability whatever, either by issuing bonds or otherwise, in excess of the express provisions of this act; and any debt or liability incurred in excess of such provisions shall be and remain absolutely void; *provided*, that nothing contained in this section shall be construed as limiting the right of the board to enter into any contract for the use of or lease for any lands, water, water rights, or other property, as in this act provided, and by such lease or contract to bind the district for the payment of the rental or consideration specified in such lease or contract.

SEC. 34. In the event the volume of the water under the control of the district is so diminished that the distribution thereof in accordance with the apportionment of such water as finally made and approved by the adjustment board as prescribed in section 19 of this act, will not, in the judgment of the board of directors, result in an economical, efficient, and beneficial use of such water, said board shall have the power to distribute in a just and equitable manner the water available, in such manner, at and for such times, and in such quantities as, in the judgment of said board, will best promote the interests of said district.

SEC. 35. The board of directors of a water storage district shall establish a convenient number of election precincts in the district and define the boundaries thereof and at least one such precinct must be established for each division of the district, and said board whenever it is deemed advisable for the best interests of the district and the convenience of the voters may at any time, but not less than sixty days before an election to be held in the district, change the boundaries of any such election precinct, which changes when made must be entered upon the minutes of the board.

SEC. 36. No person shall be entitled to vote at a general election unless he holds title or evidence of title to land in such district, and any holder of land under a possessory right acquired by entry or purchase from the United States or the State of California shall be deemed to be a holder of evidence of title to land, and each qualified voter shall be entitled to vote in person or by written proxy in each precinct in which he is such holder of title or evidence of title to land and to cast one vote for each one hundred dollars worth, or any fraction thereof, of any land in said precinct owned by him. No person shall vote by proxy unless his authority to cast such vote shall be evidenced by an instrument in writing duly acknowledged and certified in the same manner as grants of real property and filed with the board of election.

SEC. 37. An election, which shall be known as the general water storage district election, shall be held in each water storage district on the first Wednesday in February in each odd-numbered year, at which a successor shall be chosen to each officer whose term shall expire in March next thereafter. The person receiving the

highest number of votes for each office to be filled at such election shall be elected thereto. The term of office of each elective officer of the district elected after the election on organization provided for in section seven of this act shall be four years, or until his successor is elected and has qualified.

SEC. 38. Twenty days before a general election held under this act, the secretary of the board of directors shall cause notices to be posted in three public places in each election precinct, of the time and place of holding the election, and shall also post a general notice of the same in the office of said board specifying the polling places of each precinct. Affidavits of the publication and posting of such notice must be filed with the county clerk of each county in the district, together with a copy of the order calling the election certified by the president of the board of directors, and duplicates filed with the board of directors. Prior to the time for posting the notices, the board must appoint for each precinct, from the voters thereof, one inspector and two judges, who shall constitute a board of election for such precinct. If the board fail to appoint a board of election, or the members appointed do not attend at the opening of the polls on the morning of election, the voters of the precinct present at that hour may appoint the board, or supply the place of an absent member thereof. The board of directors must, in its order appointing the board of election, designate the place within the precinct where the election must be held.

SEC. 39. Not less than ten days before the election, any ten or more qualified voters in any division of the district may file with the board of directors a petition, requesting that certain persons, specified in such petition, be placed on the ballot as candidates for the office named in the petition. The names proposed by the various petitions so filed, and no others, shall be printed on the ballots. But there shall be sufficient blank spaces left in which voters may write other names if they so desire. The petitions shall be preserved in the office of the secretary of the district.

SEC. 40. The inspector is chairman of the election board and may administer all oaths required in the process of an election; and appoint judges if, during the progress of the election, any judge ceases to act. Any member of the board of election may administer and certify oaths required to be administered during the progress of an election. Before opening the polls, each member of the board must take and subscribe an oath to faithfully perform the duties imposed upon him by law. Any voter of the precinct may administer and certify such oath. The polls must be opened at eight a.m. on the morning of the election, and be kept open until four p.m., when the same must be closed.

SEC. 41. The ballot used at the election shall be provided by the board of directors, and one of the judges of election shall deliver to each of the qualified voters one of the ballots so provided. The ballots shall have printed on them the names of all candidates whose names have been filed as provided in this act, with a voting square behind each name, *provided*, that the ballots in each division of the district shall have on them names of persons to be voted for as director to represent that division only, and no director shall be elected by the district at large. The names shall be arranged in groups, alphabetically, under the designation of the office for which each person named is a candidate. Each voter shall stamp a cross, with a rubber stamp to be provided by the board of directors, in the square behind the name of each candidate he wishes to vote for. Each ballot cast shall contain the name of the person casting the ballot with the number of votes cast by him. A list of the ballots cast shall be made by the board of election containing the names of each voter, and if the ballot be cast by proxy the name of the person casting it, the number of votes cast by each, and whether the same be cast for or against the proposition submitted at the election.

SEC. 42. Voting may commence as soon as the polls are opened, and may be continued during all the time the polls remain opened, and shall be conducted as nearly as practicable in accordance with the provisions of the general election laws of this state. As soon as all votes are counted, a certificate shall be drawn upon each of the papers containing the poll lists and tallies, or attached thereto, stating the number of votes each one voted for has received, and designating the office to fill which he was voted for, which number shall be written in figures and in words at full length. Each certificate shall be signed by a judge and the inspector. One of said certificates, with the poll list and the tally paper to which it is attached, shall be retained by the inspector, and preserved by him at least six months. The ballots shall be strung upon a cord or thread by the inspector, during the counting thereof, in the order in which they are entered upon the tally list by the judges; and said ballots together with the other of said certificates, with the poll list and tally paper to which it is attached, shall be sealed by the inspector in the presence of the judges and indorsed "Election returns of (naming the precinct) precinct," and be directed to the secretary of the board of directors, and shall be immediately delivered by the inspector, or by some other safe and responsible carrier designated by said inspector, to said secretary, and the ballots shall be kept unopened for at least six months; and if any qualified voter of the district be of the opinion that the vote of any precinct has not been correctly counted, he may appear on the day appointed for the board of directors to open and canvass the returns, and demand a recount of the vote of the precinct that is so claimed to have been incorrectly counted. No list, tally paper, or certificate returned from any election shall be set aside or rejected for want of form, if it can be satisfactorily understood.

SEC. 43. The board of directors must meet at its usual place of meeting on the first Monday after each election to canvass the returns. If, at the time of meeting, the returns from each precinct in the district in which the polls were opened have been received, the board of directors must then and there proceed to canvass the returns; but if all the returns have not been received, the canvass must be postponed from day to day until all the returns have been received, or until six postponements have been had. The canvass must be made in public and by opening the returns and ascertaining the vote of the district for each person voted for, and declaring the result thereof.

SEC. 44. The secretary of the board of directors must, as soon as the result is declared, enter in the records of such board a statement of such result, which statement must show: (*a*) The whole number of votes cast in the district, and in each division of the district; (*b*) the names of the persons voted for; (*c*) the office to fill which each person was voted for; (*d*) the number of votes given in each precinct to each of such persons; (*e*) the number of votes given in each division for the office of director, and the number of votes given in the district for the office of treasurer. The board of directors must declare elected as director the person having the highest number of votes for that office in each division, and as treasurer the person having the highest number of votes in the district. The secretary must immediately make out and deliver to such persons certificates of election, signed by him, and authenticated with the seal of the board.

In case of a vacancy in the office of treasurer, the vacancy shall be filled by appointment of the board of directors; *provided*, that if said board of directors shall neglect or refuse to make such appointment within a period of forty days, then the State Engineer shall make such appointment. In case of a vacancy in the office of director, the vacancy shall be filled by appointment by the State Engineer from the division in which the vacancy occurred. An officer appointed as above provided shall hold his office for the remainder of the unexpired term to fill which he is appointed, and until his successor is elected and qualified.

SEC. 45. Within ten days after receiving their certificates of election herein provided for, said officers shall take and subscribe the official oath, and file the same in the office of the board of directors, and execute the bond hereinafter provided for. The treasurer of the district shall execute an official bond in the sum of fifty thousand dollars to be approved by the board of directors; *provided*, that the board may, if it shall be deemed advisable, fix the bond of the treasurer to suit the conditions of the district, the maximum amount thereof not to exceed fifty thousand dollars, and the minimum amount thereof not to be less than ten thousand dollars. Each member of the board of directors shall execute an official bond in the sum of five thousand dollars, which said bonds shall be approved by a judge of the superior court and shall be recorded in the office of the county recorder of the county in which the office of the board is situated, and filed with the secretary of said board. All official bonds herein provided for shall be made payable to the proper water conservation district and shall be in the form prescribed by law for the official bonds of county officers and the premiums thereon may be paid by the district; *provided*, that in case any district organized under this act is appointed fiscal agent of the United States or by the United States in connection with any federal reclamation project, each of said officers shall execute a further and additional official bond in such sum as the Secretary of the Interior may require, conditioned for the faithful discharge of the duties of his office and the faithful discharge of the district of its duties as fiscal or other agent of the United States under any such appointment or authorization, and any such bond may be sued upon by the United States or any person injured by the failure of such officer of the district to fully, promptly, and completely perform their respective duties.

SEC. 46. If an election is not held as herein provided, then upon the filing of a petition with the secretary of the board of directors of such district, signed by ten per cent of the qualified voters residing within the boundaries of any such district, requesting that a special election be called for the election of such officers, the directors of such district shall thereupon call a special election thereof for the election of such officers, such election to be held within not less than fifteen, nor more than thirty days after the filing of such petition.

SEC. 47. At noon of the first Tuesday in March next following their election, except as provided in section 12 of this act, the officers who shall have been elected at the preceding general district election shall enter upon the duties of their respective offices. On the first Tuesday in March next following each election, the directors shall meet and organize as a board, elect a president and appoint a secretary, who shall each hold office during the pleasure of the board.

SEC. 48. The holder of any elective office of any district may be removed or recalled at any time by the voters; *provided*, he has held his office at least six months. The procedure to effect such removal or recall shall be as follows: A petition demanding the election of a successor to the person sought to be removed shall be filed with the secretary of the board of directors of such district, which petition shall be signed by qualified voters constituting at least twenty-five per cent

of the highest vote cast within such district for candidates for the office, the incumbent of which is sought to be removed, at the last general election in such district at which an incumbent of such office was elected, or, in the case of the removal of the incumbent of an office elected by a subdivision of such district, such petition shall be signed by a like percentage of qualified voters of such subdivision computed upon the total number of votes cast in such subdivision for all candidates for the office, the incumbent of which is sought to be removed, at the last general election in such subdivision at which an incumbent of such office was elected; and said petition shall contain a statement of the grounds on which the removal or recall is sought, which statement is intended solely for the information of the voters. Any insufficiency of form or substance in such statement shall in no wise affect the validity of the election and proceedings held thereunder. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature, his place of residence, giving the precinct, and if within a town having named streets and numbered houses, street and number. Each such separate paper shall have attached thereto an affidavit made by a qualified voter of the district and sworn to before an officer competent to administer oaths, stating that the affiant circulated that particular paper and saw written the signatures appended thereto; and that according to the best information and belief of the affiant, each is the genuine signature of the person whose name purports to be thereunto subscribed and of a qualified voter of the district. Within ten days from the date of filing such petition, the secretary of the board shall examine and from the records of qualified voters ascertain whether or not said petition is signed by the requisite number of such qualified voters, and he shall attach to said petition his certificate showing the result of said examination. If by the said certificate the petition is shown to be insufficient, it may be supplemented within ten days from the date of such certificate, by the filing of additional papers, duplicates of the original petition except as to the names signed. The secretary shall, within ten days after such supplementing papers are filed, make like examination of a supplementing petition, and if a certificate shall show that all the names to such petition, including the supplemental papers, are still insufficient, no action shall be taken thereon; but the petition shall remain on file as a public record; and the failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect. If the petition shall be found to be sufficient, the secretary shall submit the same to the board of directors without delay, whereupon the board shall forthwith cause a special election to be held within not less than thirty-five nor more than forty days after the date of the order calling such election, to determine whether the voters will recall such officer; *provided*, that if a general water storage district election is to occur within sixty days from the date of the order calling for such election, the board may in its discretion postpone the holding of such election to such general election or submit such recall election at any such general election for officers of such district occurring not less than thirty-five days after such order. If a vacancy occur in said office after a recall petition is filed, the election shall nevertheless proceed as in this section provided. One petition is sufficient to propose a removal and election of one or more elective officials. One election is competent for the removal and election of one or more elective officials. Nominations for any office under such recall election shall be made in the manner prescribed by section thirty-nine of this act.

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" following which question shall be the words "yes" and "no" on separate lines, with a blank space at the right of each, in which the voter shall indicate by stamping a cross (X) his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote "no", said incumbent shall continue in said office. If a majority shall vote "yes", said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The election shall be conducted, canvass of all votes for candidates for said office shall be made, and the result declared in like manner as in a regular election within such district. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law. If the vote at any such recall election shall not recall the officer, no further petition for the

recall of such officer shall be filed before the expiration of six months from the date of such first recall election.

SEC. 49. Notice of any special election to be held pursuant to the provisions of this act must be given by posting notices in three public places in each election precinct in the water conservation district for at least twenty days, and also by publication of said notice once a week for three successive weeks in each county in which any land in said district is located. Such notice must specify the time and place of holding the election and the purpose thereof. Unless otherwise in this act expressly specified said election shall be held and the result thereof determined and declared as nearly as may be in accordance with the provisions of this act relating to general water conservation district elections; *provided*, that no informalities in conducting such election shall invalidate the same if the election shall have been otherwise fairly conducted.

SEC. 50. Any election held under the provisions of this act may be contested by any person owning property within the district, or proposed district, liable to assessment. Such contest shall be brought in the superior court of any county in which some portion of the land within the district or proposed district is situated and shall be conducted in the manner provided for contests of election by title II of part III of the Code of Civil Procedure of California, except that in the case of a contest not involving the right of a person declared elected to an office to hold such office the directors of the district shall be made parties to the contest. The court having jurisdiction shall speedily try such contest and determine upon the hearing whether the election was fairly conducted and in substantial compliance with the requirements of this act and enter its judgment accordingly. Such contest must be brought within twenty days after the canvass of the vote and declaration of the result. The right of appeal is hereby given to either party to the record within thirty days from entry of judgment. The appeal must be heard and determined by the supreme court within sixty days from the time of the filing of the notice of appeal.

SEC. 51. For all purposes of this act relating to signing petitions and voting at any election, and for all other purposes when the question of title to or value of land claimed to be owned by a petitioner or voter is involved, the county assessment roll last equalized at the time of the election or filing of the petition, in each county wherein any such land is situated shall be sufficient evidence of ownership and value. If any parcel of land is assessed on any such assessment roll to unknown or fictitiously named owners, or to unnamed owners in addition to any owner or owners named thereon, said parcel of land shall be deemed for any of the purposes of this act to have but one owner in addition to any owner or owners whose true name or names may be purported to be given on such assessment roll. The holder of title or evidence of title to an undivided interest in any land affected by any of the provisions of this act may sign any petition or vote at any election provided for in this act, and such undivided interest shall be counted and valued as though it were a separate interest, and if the assessment roll shall fail to indicate the extent of any such undivided interest the holders of title or evidence of title whose undivided interests in any land are not specifically defined shall be deemed to have equal shares therein. Where property has been conveyed prior to the election and such change of interest does not appear by such assessment roll the original deed of conveyance, or a copy thereof duly certified by the county recorder of the county wherein the same has been recorded, or otherwise authenticated, shall be sufficient evidence to entitle the holder thereof to vote the acreage therein described. Any person not legally qualified to vote who shall make any false statement in respect to his right to vote shall incur all of the penalties provided in the Penal Code of the State of California for persons illegally voting at elections. The certificate of the register of the United States land office for the district in which the lands are situated, or of the surveyor general of the State of California, shall be sufficient evidence of possessory right in any lands entered under the laws of the United States or of the State of California. Guardians, personal representatives and other persons holding land in a trust capacity under appointment of court may sign any petition and may vote at any election in behalf of the estate represented by them without obtaining any special authority therefor. A certificate of acknowledgment taken before a notary public or justice of the peace of any state, or an affidavit by any person in the presence of whom a petition was signed, shall be sufficient evidence of the genuineness of such signature and of the fact of place of residence of any petitioner under this act. The State Engineer shall, prior to the election on organization, and at all subsequent elections the board of directors shall, cause to be prepared and certified and furnished to the election board at each voting place in the district a copy of each of said assessment rolls so far as the same pertains to any land in the respective precincts, and shall likewise cause to be prepared and furnished to the election boards lists certified by the register of the United States land office or the surveyor general of the State of California, as the case may be, showing the lands entered under the laws of the United States or of the State of California, respectively, which said lists, so far as disclosed by the records of said offices shall contain the names of the persons entitled to possessory rights therein and the quantity of land held by each of said persons by virtue of said rights. Said assessment rolls and said lists shall be used by the election boards

in determining the qualifications of voters and the number of votes each voter is entitled to cast.

Where a tract of land is situated partly within and partly without the boundaries of an election precinct and the assessment roll contains a valuation of said tract as a whole the same must be apportioned according to the number of acres lying within and without the boundaries of said precinct. If there shall be included in any assessment roll or list as furnished to an election board any land which has no valuation assigned to it, then the State Engineer or the board of directors, as the case may be, shall request the county assessor of the county in which such land is situated to value said land and it shall be the duty of such county assessor to prepare and furnish to the State Engineer or board requesting it a statement of the value of such land as the same shall be appraised by him, which value shall be arrived at as nearly as may be done in the same manner and upon the same basis as was the valuation for purposes of taxation assessed upon other lands in the precinct similarly situated, and the valuation so made by the county assessor shall be furnished to the election board of the precinct in which the land so valued is situated and shall be used by the election board in determining the number of votes which the holder of title or evidence of title to such land is entitled to cast.

SEC. 52. Whenever any notice or publication, or notice of publication, or official advertising, or publication of process is required to be given or made by the provisions of this act the same, unless otherwise specifically provided in this act, shall be given or made in a newspaper of general circulation as defined by the laws of this State, printed and published in each county in which any of the lands in a water conservation district, or a proposed water conservation district, are situated, and if in any such county or counties there be no such newspaper then in a newspaper printed and published in an adjoining county.

SEC. 53. Section 2 of an act entitled "An act providing for the improvement, development, or protection of any harbor, bay, inlet, or other arm of the sea existing within any county of this State, providing for the appointment of a harbor commission by the board of supervisors of any such county to have charge and control of the improvement, development, or protection thereof, and the voting, issuance and sale of the bonds of such county to pay the cost thereof," approved June 11, 1915, is hereby amended to read as follows:

Sec. 2. The harbor commission shall be appointed to serve for the term of four (4) years, and until their successors are appointed and qualified, and any vacancy in the harbor commission shall be filled by appointment by the board of supervisors: *provided, however*, that if, after a careful survey, investigation and examination, the harbor commission shall report to the board of supervisors that the improvement, development or protection of any such harbor is not practicable, or would involve too great an expense, and such report shall be approved by the board of supervisors, the said harbor commission shall thenceforth cease to exist, or if the proposition for the issuance of the bonds of the county for the improvement, development, or protection of such harbor shall, when submitted to the electors, fail to carry by the requisite number of votes, or when any proposed improvement, development or protection of such harbor shall have been completed, and that fact established by a finding of the board of supervisors, the said harbor commission shall cease to exist, unless the board of supervisors shall, by an order entered upon its minutes continue the harbor commission in existence for the purpose of carrying out any additional improvement, development or protection of any such harbor, bay, inlet, or other arm of the sea. When any harbor commission appointed under the provisions of this act shall cease to exist another harbor commission may thereafter be created by the board of supervisors without requiring any new additional petition as is provided for by section 1 of this act in the first instance, and such harbor commission when so created shall exercise all of the powers and be governed by the provisions of this act as the harbor commission first appointed.

Three new sections numbered 13, 14 and 15, are hereby added to an act entitled "An act providing for the improvement, development, or protection of any harbor, bay, inlet, or other arm of the sea existing within any county of this State, providing for the appointment of a harbor commission by the board of supervisors of any such county to have charge and control of the improvement, development, or protection thereof, and the voting, issuance and sale of the bonds of such county to pay the cost thereof," approved June 11, 1915.

SEC. 13. When any improvement, development or protection of a bay, inlet, or other arm of the sea, commenced under this act shall be accomplished, and the board of supervisors shall continue the harbor commission in existence, or thereafter create another harbor commission, as provided for in section 2 hereof, such harbor commission shall proceed to examine such harbor, bay, inlet or other arm of the sea in connection with such proposed further or additional improvement, development or protection thereof and shall provide detail plans and specifications therefor and report to the board of supervisors the practicability and estimated cost thereof. The board of supervisors shall thereupon be vested with all the authority and be charged with all the duties concerning such report, the calling of an election and to cause the bonds of the county to be issued and sold for such further and additional improvement, development or protection equally as in the first instance.

Whenever the improvement, development or protection of any such harbor, bay, inlet or other arm of the sea shall have been completed and the harbor commission created under this act shall cease to exist, then the management and control of such harbor in so far as it shall have been improved, developed or protected under this act shall pass to and vest in the board of supervisors of the county; and the future cost and expense of the maintenance of such harbor shall be a charge upon the county.

SEC. 14. The board of supervisors in which the control and management of any harbor, bay, inlet or other arm of the sea shall have vested, as provided for in this act, shall have the power to appoint, define the duties of, and pay, all officers, agents and employees, necessary for the complete control of said harbor, and to make and enforce all necessary and proper regulations for that purpose.

SENATE JOINT RESOLUTION No. 25.

Relative to the cooperation of the national government in securing for the American petroleum industry foreign sources of supply.

WHEREAS, The State of California produces about twenty-five per cent of the total annual petroleum output of the United States; and

WHEREAS, Its petroleum products find a ready market in the Pacific coast and Rocky Mountain states, and in the territory bordering upon the Pacific Ocean from Alaska to Chili and in the Hawaiian Islands and the Orient; and

WHEREAS, The known oil-bearing areas of the State have been increased less than ten thousand acres during the past ten years, and from past experience it is

improbable that new discoveries will be made with sufficient rapidity to keep pace with the constantly increasing demands from the territory served by California petroleum and its products; and

WHEREAS, The situation in other states of the Union is comparable to that confronting California, in that reserves are unsatisfactory when compared with consumption over any long period of years; and

WHEREAS, The United States consumes over two-thirds of the petroleum produced in the world, and it is of the highest importance that every effort be made by the American petroleum industry to secure, against the time of need, sources of supply in addition to those existing within the boundaries of the United States; now, therefore, be it

Resolved, by the Senate and Assembly of California, That we respectfully urge upon the national government the wisdom of and necessity for the adoption of a cooperative and sympathetic attitude toward the American petroleum industry in its efforts to secure foreign sources of supply; and be it further

Resolved, That we believe American nationals should be assured of government protection in so far as is compatible with international law and the comity of nations, and that the American government should make every endeavor to secure for its nationals equal rights with the nationals of other countries.

By Senator Sample:

SAN DIEGO, CALIFORNIA, March 9, 1921.

DEAR SIR: I am affixing my signature to this letter to you so that you will know that I feel that the legislation proposed, to take the funds of the State Fish and Game Commission, approximately half a million dollars, and turn them over to the Agricultural Department, is a serious mistake.

The Fish and Game Commission have done a wonderful work for the sportsmen, and as one of them, I seriously object to seeing their work hampered by such legislation, with which you are no doubt familiar.

E. B. GOULD, San Diego,
And 150 others.

Also:

We the undersigned citizens and legal voters in the State of California, vitally interested in vehicle laws, do hereby respectfully petition the Senate and Assembly of the State Legislature to enact into law Assembly Bill No. 945 and only such

amendments thereto as do not alter the regulation of weights, speeds and fees of motor vehicles.

JOHN B. McINTYRE, San Diego,
And 250 others.

Also:

We citizens of Fall Brook, State of California, do most earnestly petition you to work with might and main to secure the passage of Senate Bill No. 4, which provides for the enforcement of the eighteenth amendment to the constitution of the United States.

Said board of directors are hereby empowered to sell all manufactures and products and materials of whatever nature which may result from the necessary educational processes of instruction and training in the different occupational fields and highly specialized technical fields provided by the institute of technology. Said action by said boards of directors shall be from the standpoint of education and efficiency and for, and as

result of, educational purposes and processes as carried forward by said institute of technology. The funds obtained from such sales or transactions shall be placed in the treasury of the county in which said institute of technology is located, and shall be subject to the order of said board of directors as specified in section 14 of this act. The board of directors of any institute of technology, under laws applicable hereto, shall have the right of eminent domain to acquire real property necessary or convenient for the purposes of establishing or constructing or acquiring said institute of technology.

The board of directors of any institute of technology may determine and prescribe admission requirements, courses of instruction and training after admission in the several different divisions of said institution as specified in sections 2, 3, 4 and 5, and otherwise of this act, in such a manner as to meet the requirements of modern vocational and technical efficiency and of research work, and for the building and development of the vocational and technical education system of the technical educational district in which said institute is situated, and said board shall not be limited or restricted in their actions in this regard by any of the usual academic requirements of high schools or junior colleges or universities as now organized and constituted. Admission to said institutes of technology shall be open to the following persons:

Said power shall be carefully, but broadly interpreted, in order to meet the demands of, and the rightful recognition of the attainments required by modern occupational and technical efficiency; and which may be required by the rapid progress and changes of the times.

Said boards of directors shall have the authority to place the services of the faculty and the resources of said institutes of technology, as far as practicable and consistent with the educational training carried forward by said institutes, at the service of the civic and rural organizations functioning for the public good. The elections to determine the question may be called by said board of directors at any general election; and whenever qualified electors equivalent in number to eight per cent or more of the number of votes cast for Governor at the next preceding gubernatorial election petition said board of directors for said purpose, said board, within thirty days of the filing of said petition must call a special election to determine the question. If the majority of the voters voting at said election is in the affirmative, said board, within ten days subsequent to the date of said election shall enter upon the duties and assume the responsibilities of a junior college board.

SEC. 13. The board of directors of any institute of technology shall have power to place the services of the faculty and the resources of said institute, as far as may be practicable and consistent with the instruction and training of said institute, at the service of, and for cooperation with, the State Board of Education, as an auxiliary agency providing supervision by experts in the several different and increasing specialized fields of vocational and technical education which may be carried forward or developed in the high schools and junior colleges of the technical education district in which said institute of technology is situated. In a larger sense said institutes shall function as centers for practical efficient education and as creative educational centers for the building and further development of the vocational and technical education opportunities of the State by providing skilled, authoritative, and comprehensive vocational and technical training of the less advanced type, which shall adequately meet the needs of educational and occupational efficiency of the masses; and also by providing the most advanced types of vocational and technical training and the opportunity for sound practical research of type and character adequate to the demands of modern occupational and technical efficiency, educational progress and of industrial development.

SEC. 14. All funds and moneys collected and received from the levy of taxes, sale of bonds and from federal or other legitimate sources for the purpose of establishing and maintaining an institute of technology and as a result of educational training therein, shall be placed by the county treasurer receiving the same in a special fund

or in special funds to the credit of the technical education district for which the same was levied, or to which said funds were apportioned, and said funds shall be used only for the purposes for which the same were levied or apportioned; and if the territory of said technical education district is situated, in part or as a whole, in more than one county, it shall be the duty of the treasurer of each county, other than the one in which said institute of technology is situated, to pay the funds and moneys so collected or received into the treasury of the county in which said institute is situated; and the treasurer of said county shall place said funds and moneys, together with the said funds and moneys of the said county, in a special fund or in special funds to the credit of said technical education district or institute of technology, and shall hold said funds and moneys subject to the order of the board of directors of said institute of technology, in accordance with the purposes for which said funds were levied and collected; and said treasurer shall be liable upon his official bond for the safe keeping of said funds and moneys; and said county treasury shall function in said manner as the treasury of said institute of technology. Said board of directors shall make biennial report to the Governor of the State, prior to the meeting of each session of the State Legislature, showing and accounting for the expenditure of all institute of technology or technical education district funds and moneys received from said county treasurer or treasurers or from other legitimate sources; and said board, as part of said report, shall include a statement of the educational facilities and equipment, instruction and training and educational and occupational objectives of the institute of technology under the control and direction of said board.

SEC. 15. Technical education districts may be formed for the purpose of establishing and maintaining institutes of technology from the territories of said counties, cities, cities and counties, high school districts and junior college districts in any county, or of the territories of groups of said cities, cities and counties, or of said districts, having individually or collectively an assessed valuation and a total average daily attendance as required by this act, as follows:

(*a*) When a number of qualified electors equal to or exceeding eight per cent of the number of votes cast for Governor at the next preceding gubernatorial election in each of the high school or junior college districts constituting a proposed technical education district and situated in the same county, or when qualified electors of an entire county the territory of which comprises a proposed technical education district, equivalent in number to eight per cent or more of the number of votes cast for Governor in such county at the next preceding gubernatorial election shall petition the board of supervisors of the county the territory of which in part or as a whole comprises said proposed technical education district, setting forth in a general manner a description of the territory comprising said technical education district and asking that a technical education district shall be formed from said territory, and that an institute of technology shall be established therein; stating the name and location of said institute, the type of election desired to be called, whether general or special; including also nominating petitions of not less than seven candidates to serve, if elected, as members of the board of directors of the institute of technology to be established, said nominating petitions to be signed by not less than one per cent of the qualified electors of said proposed technical education district; said board of supervisors shall verify or cause the signatures of said petitioners to be verified in accordance with the requirements and provisions of law respecting initiative petitions as now in force for county officers and which law shall govern the nominating petitions throughout. Said nominating petitions may contain single names or groups of seven names. If said petition to form said district is found sufficient and correct, said board of supervisors shall submit the question to the qualified electors residing in said proposed technical education district in accordance with the type of election specified in the petition. If a request for a special election is included in said petition, said board of supervisors shall within thirty days of the date of the filing of said petition, call a special election in said proposed technical education district for said purpose. If a majority of the votes cast are in the affirmative, said technical education district shall be deemed to be formed from the date of the filing of said certificate and said board of supervisors shall issue an order declaring said technical education district formed from said date, and thereafter said technical education district shall be subject to assessment for the levy of taxes, payment of bonds and interest thereon, and for all other purposes essential for the establishment and maintenance of an institute of technology as specified in this act. Said board of supervisors, within ten days subsequent to the date of said election, shall issue certificates of election to the seven persons receiving the highest number of votes, to serve as members of said board of directors. Such merged and consolidated technical education district shall take the name, and thereafter be known by and under the same name as the aforesaid technical education district. Thereafter the combined territories of said units shall be deemed a unit for the purpose of levying and collecting property taxes and for all other purposes essential to the maintenance of an institute of technology as specified in this act.

If the result of said election is favorable to said annexation, consolidation and merger, said board of education or board of trustees, within ten days subsequent to the date of said election, must make application to the board of directors of said technical education district for said purpose. Upon favorable action of said board of directors of said technical education district upon said application, said board, within ten days, shall file a certificate of said action with the board of supervisors of said county, setting forth the terms and conditions upon which said annexation, consolidation and merger was voted by said board, and said board of supervisors shall within ten days of the date of the filing of said certificate, make an order annexing, consolidating and merging said city or district with said technical education district for institute of technology purposes. The annexation, consolidation and merger of said city or district to said technical education district, shall be deemed valid and complete from the date of the order of said board of supervisors, and said board of supervisors shall within five days of the issuance of said order file official notice with the county clerk who shall make official record thereof. Thereafter said city or district, annexed to or consolidated with said technical education district, shall be subject to assessment for the levying of taxes, payment of bonds and the interest thereof and for all other items essential for the maintenance of an institute of technology and for the purposes specified in sections 1880 to 1888, inclusive, of the Political Code; and all funds belonging to said city or district annexed to or consolidated with said technical education district provided for institute of technology purposes shall be placed to the credit of said technical education district in the treasury of the county in which said institute of technology is located or is to be established.

The amount of all said obligations to be borne in respect to indebtedness existing at the time of such annexation or consolidation shall be determined by the board of supervisors of the county in which said institute of technology is situated. Said determination shall be made upon evidence to be presented by all interested parties; and thereafter on the basis of such determination, assessment shall be levied upon said annexed or consolidated territory for its pro rata share of all payments of principal and interest of said bonds, and all other debts, past and future, properly chargeable against said district.

SEC. 23. The board of supervisors of any county, the territory of which, or any part of which, comprises a technical education district, must annually at the time of making the levy of taxes for county purposes, levy a tax for that year upon the taxable property in said technical education district for the interest and redemption of all outstanding bonds of said district and said tax must not be less than sufficient to pay the interest of said bonds for that year, and such a portion of the principal as is to become due during such year, and in any event must be high enough to raise annually, for the first half of the term said bonds have to run, a sufficient sum to pay the interest thereon; and during the balance of the term high enough to pay such annual interest, and to pay annually a portion of the principal of said bonds, equal to a sum produced by taking the whole amount of said bonds outstanding and dividing it by the number of years said bonds have to run; and all taxes so levied, when collected, shall be paid into the said county treasury of said county, and be used for the payment of principal and interest on said bonds and for no other purpose. The principal and interest on said bonds shall be paid by the county treasurer of the county aforesaid at the place required by the terms of such bonds, upon presentation and surrender of warrants drawn by the county auditor in payment thereof after he has cancelled the bonds and coupons, or upon the receipt of the registered owner, if such bonds are registered, after a proper warrant has been drawn by the auditor therefor, and out of the fund provided for their payment. The cancellation of unsold bonds shall be after the manner provided in section 1748 of the Political Code for high school districts, but the phraseology used shall be such as to apply to institutes of technology. In case of a technical education district situated in part or as a whole in two or more counties, the assessor of each of said counties must annually, as soon as the county assessments have been equalized by the State Board of Equalization, certify to the board of supervisors of each of the counties in which any portion of such technical education district is situated, the assessed value of all taxable property in such county and a part of said technical education district, and the said tax shall be so levied according to the ratio which the assessed value of the property in such technical education district in any county bears to the total assessed value of the property in said technical education district, each board of supervisors to levy upon the property in such technical education district and within their county, such rate of tax as will be sufficient to raise not less than the amount needed to pay the interest and such portion of the principal of such bonds as is to become due during the year. Said tax shall be entered upon the assessment roll and collected in the same manner as other school taxes are collected, and when collected paid into the treasury of such county; and it shall be the duty of the treasurer of such county, or of the treasurers of such counties, other than the county in which said institute of technology is located, to pay said taxes into the treasury of the county in which said institute of technology is situated. In technical education districts, formed from the territory of an entire county, the board of directors of said district may, when in their judgment it is advisable, and must upon a petition of qualified electors residing in said district, equivalent in number to eight per cent or more of the votes cast at the next preceding gubernatorial election, call an election and submit to the electors of said district the question as to whether the bonds of such district shall be issued and sold for the purpose of raising money for acquiring grounds or lands; for building or making alterations, or additions to buildings required by said institute of technology, for repairing, restoring or rebuilding any damaged buildings injured or destroyed by fire, or other public calamity; for insurance in said buildings and in supplying said buildings with furniture and for all

The conduct of said election and the issue and sale and payment of said bonds and the levy and collection of taxes for the payment of principal and interest thereon shall be in the manner hereinabove prescribed.

SEC. 24. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. He shall also, on the said respective dates of maturity, cancel all bonds bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof. The provisions of this section shall be applicable also to the interest coupons pertaining to the bonds authorized by this act to be issued, and shall be applicable, as far as practicable, to any duly authorized agent of the State Treasurer.

SEC. 5. There is hereby appropriated from the general fund in the State treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other State revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the general fund in the State treasury, all of the moneys in the specific fund into which the proceeds from the sale of the said bonds have been covered as herein prescribed, not in excess of the principal of and interest on the said bonds then due and payable and, in the event of such moneys so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the general fund in the State treasury out of said specific fund as soon thereafter as it shall become available, together with interest thereon, from such dates of maturity until so returned, at the rate of five per cent per annum, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the general fund by the Controller of the State in favor of the State Treasurer or in favor of any duly authorized agent of the State Treasurer, upon demands audited by the State Board of Control, and the moneys to be returned into the general fund in the State treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the Controller of the State upon demands duly audited by the State Board of Control.

SEC. 7. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the State Treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as the said Treasurer shall be directed by the Governor of the State, under seal thereof, after a resolution requesting such sale shall have been adopted by the Veterans' Welfare Board and approved by the Governor of the State; but said Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date; and with the approval of the Governor, he may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said Treasurer shall detach therefrom all coupons which have matured or will mature before the day fixed for such sale.

SEC. 8. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco and also by publication in one newspaper published in the city of Oakland and by publication in one newspaper published in the city of Los Angeles and by publication in one newspaper published in the city of Sacramento once a week during four weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said Treasurer into the Veterans' Welfare Fund for Land Settlement, or into the Veterans' Farm and Home Building Fund, as the case may be, in accordance with the resolution of the Veterans' Welfare Finance Committee, provided for in section 11 of this act, by virtue of which resolution the said bonds shall have been issued, and must be used exclusively to provide useful employment and the opportunity to acquire farm homes with profitable livelihood on the land for veterans and to provide for cooperation of the State with the agencies of the United States engaged in work of similar character, and to furnish to veterans the opportunity to purchase farms, homes and home sites, in accordance with the provisions of the California Veterans' Welfare Act and of the Veterans' Farm and Home Purchase Act, or either of them, and of any and all acts amendatory or supplemental to said acts, or either of them; *provided*, that the said Veterans' Welfare Board must pay over to the general fund of the State from the proceeds of the sale of the bonds all money which has been heretofore or may be hereafter appropriated and advanced out of the general fund in the State treasury for the use of the said Veterans' Welfare Board on condition that it shall be so paid over; *provided, further*, that the said Veterans' Welfare Board may, out of the proceeds from the sale of said bonds, pay all or any part of any indebtedness heretofore by it incurred in accordance with law and remaining unpaid, including the interest accrued thereon, unless the rate of interest applying to such indebtedness is less than the rate of interest applying to the said bonds; *and provided, further*, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

SEC. 9. The Veterans' Welfare Board shall be and hereby is authorized, with the approval of the State Board of Control, to invest any surplus moneys in any of the funds subject to or appropriated for its use in bonds of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California, and to sell such bonds, or any of them, at the governing market rates, upon approval of the State Board of Control.

The Attorney General of the State shall be the legal advisor of the Veterans' Welfare Finance Committee.

Upon request of the Veterans' Welfare Board, supported by a statement of the plans and projects of the Veterans' Welfare Board with respect thereto, which statement shall designate the specific fund to which such plans and projects relate, the Veterans' Welfare Finance Committee shall determine whether or not a bond issue under this act is necessary or desirable to carry such plans and projects into execution.

SEC. 11. Whenever the said Veterans' Welfare Finance Committee shall have determined that a bond issue under this act is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to this effect. The

said resolution shall authorize and direct the State Treasurer to prepare the requisite number of suitable bonds and shall specify:

6. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the Veterans' Welfare Finance Committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the Veterans' Welfare Board from the project or projects to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, and be commensurate, as nearly as practicable, with the dates and amounts of such estimated revenues; *provided*, that the bonds first to mature in each issue, shall mature not later than five years from the date of issuance thereof; *provided, further*, that specified numbers of bonds of specified numerical sequence shall thereafter mature at annual intervals; *and provided, further*, that the bonds last to mature in each issue shall mature not later than forty-five years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the Veterans' Welfare Finance Committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals from the date of issuance of said bonds; *provided*, that the interest coupon first payable may, if the Veterans' Welfare Finance Committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

SEC. 12. All actual and necessary expenses of the Veterans' Welfare Finance Committee and of the members thereof shall be paid out of the fund into which the proceeds from the sale of said bonds shall be covered, upon approval of the State Board of Control and on Controller's warrant duly drawn for that purpose, and shall constitute expenses of the Veterans' Welfare Board.

SEC. 2. Section 1928 of said code is hereby amended to read as follows:

1928. The chief of the Adjutant General's Department shall be in control of the military department of the State, and subordinate only to the Commander in-Chief in matters pertaining to the said department. He shall be chief of staff. He shall perform such duties as are prescribed in this title and such other duties consistent with the regulations and customs of the United States Army and United States Navy as may be prescribed by the Commander-in-Chief. All the duties of the Adjutant General shall be performed under the direction of the Commander-in-Chief.

1. He shall keep a register of all the officers of the militia of the State, and keep in his office all records and papers required to be kept and filed therein, and make a biennial report to the Commander-in-Chief including a detailed statement of the moneys received and disbursed by him for military purposes during that period, and the number and condition of the National Guard.

3. He shall cause to be prepared and issued all necessary blank books, blanks and notices required to carry into full effect the provisions of this title. All such books and blanks shall be and remain the property of the State.

4. The seal now used in the office of the Adjutant General shall be the seal of his office, and shall be delivered by him to his successor. All orders issued from his office shall be authenticated with his seal.

5. 6. He shall make such regulations pertaining to the preparation of reports and returns and to the care and preservation of property, in the possession of the State for military purposes, whether belonging to the State or to the United States, as in

his opinion the conditions demand; such regulations to be operative and in force when promulgated in the form of general orders, circulars or letters of instruction.

7. He shall attend to the care, preservation, and safekeeping and repairing of the arms, ordnance, accoutrements, equipments, and all other military property belonging to the State or issued to the State by the government of the United States for the purpose of arming and equipping the organized militia. He shall bid in the property or suspend the sale whenever in his opinion better prices may or should be obtained. He shall, from time to time, render to the Commander-in-Chief a just and true account of the sales made by him, and shall expend the proceeds of the same in the purchase of other military property, as the Commander-in-Chief may direct. And all such military property belonging to the State may be disposed of by the Adjutant General without reference to the State Board of Control. He shall be responsible for all the arms, ordnances, accoutrements, equipments and other military property which may be issued to the State by the Secretary of War and Secretary of the Navy in compliance with the law; and it shall thereafter be his duty to prepare returns of such arms and other property of the United States at the time and in the manner required by the Secretary of War and the Secretary of the Navy. He shall, upon the order of the Commander-in-Chief, turn in to the ordnance department of the United States Army or Navy the rifles, carbines, bayonet scabbards, gun slings, belts, and such other necessary accoutrements and equipments the property of the United States and in the possession of the State, which may be replaced from time to time, by new arms, equipments, etc., sent by the United States in substitution therefor, and cause the same to be shipped, under the instructions from the Secretary of War, or Secretary of the Navy, to the designated arsenal or depot at the expense of the United States. And when the National Guard of the State shall be fully armed and equipped with the standard magazine arms, and the standard equipment and accoutrement of the United States Army and Navy, he shall cause all the remaining arms, equipments, etc., the property of the United States, and in possession of the State, to be transferred and shipped as above directed.

8. He shall keep a just and correct account of all expenses necessarily incurred, including pay of officers and enlisted men, subsistence of militia, transportation of the militia, and of all military property of the State, and such expenses shall be audited and paid in the same manner as other military accounts are audited and paid.

He shall, if the Commander-in-Chief approve, make contract with the lowest responsible bidder to furnish such property. All proposals and contracts made under the authority hereby conferred shall be filed in the office of the Adjutant General. The Adjutant General is authorized and directed whenever, in his opinion, it shall be to the interest of the State, to require the party who shall agree or contract to furnish such property to give bond to the people of the State in such sum and with such surety as he shall direct, conditioned for the faithful performance of such agreement or contract. In case of default such bond shall be prosecuted by the Attorney General and all moneys received therefrom shall be expended by the Adjutant General for the benefit of the National Guard. All property purchased under authority herein granted shall be inspected by an inspector or officer detailed for the purpose by the Commander-in-Chief, and no payment shall be made therefor until it shall appear by the certificate of such officer that such property is of the kind and quality specified in such agreement or contract. In case of insurrection, invasion, tumult, riot, breaches of the peace, or imminent danger thereof, the Commander-in-Chief may temporarily suspend the operation of this paragraph and direct the Adjutant General to purchase such military property or supplies as may be required in open market.

10. The Adjutant General shall attest all commissions issued to military officers.

11. He shall superintend the preparation of all returns and reports required by the United States from the State on military matters.

If the findings of such board be unfavorable to such officer and be approved by the Commander-in-Chief, he shall be discharged from the service. No officer whose grade or promotion would in any way be affected by the decision of such board, in any case that may come before it, shall participate in the examination or decision of the board in such case. The restriction as to maximum age and citizenship shall not apply to soldiers who have previously served honestly and faithfully in the United States Army, Regular Army, the Organized Militia, or the National Guard. The qualifications for enlistment shall be the same as those prescribed for admission to the Regular Army, and all men enlisting in the National Guard must sign an enlistment contract, and take and subscribe to the oath set forth in section 70 of the National Defense Act of June 3, 1916, as amended.

SEC. 9. Section 1983 of the said code is hereby amended to read as follows:

1983. Enlisted men may be transferred upon their own application in the same regiment, battalion or squadron not part of a regiment, from one company or troop to another, by the commanding officer of such regiment, battalion or squadron; from one regiment, battalion or squadron not part of a regiment, signal corps, unattached troop or company, to another in a brigade, by the commanding general of that brigade, or by the Commander-in-Chief; from an organization in one brigade to an organization in another brigade, by the Commander-in-chief. SEC. 11. Section 1985 of the said code is hereby amended to read as follows:

1985. An honorable discharge shall be issued under the following circumstances, viz: to a man who has faithfully performed his duties during his term of service as required by the conditions of his enlistment or reenlistment, or during his total service, and who has been lawfully relieved of all responsibility for public property issued to him, and from all accountability to his organization. Unless unavoidable circumstances intervene such discharge will be furnished an enlisted man at once upon the expiration of his term of service, which term will date from the taking of the oath of enlistment or reenlistment. Proper steps shall be taken in due time for the settlement of the enlisted man's accounts and responsibility for property, and forwarding the necessary papers so as not to withhold the discharge after it is due.

Any enlisted man may be honorably discharged before the expiration of his term of service by the commanding officer of a regiment, of the coast artillery corps, of the naval militia, or unattached battalion or squadron, or, if a member of an unattached company or troop, by the brigade commander or the Commander-in-Chief, or by order of the Commander-in-Chief, upon the recommendation of his commanding officer, for any of the following reasons:

1. To accept promotion by commission;
2. To enlist in the United States Army, Navy, or Marine Corps;
3. Upon disability established by a certificate of a medical officer;
4. Upon removal of residence from the State or out of the bounds of the command to which he belongs to so great a distance that in the opinion of the commanding officer he can not properly perform his military duty.
5. At the discretion of the officers authorized to issue discharges upon the recommendation of the company, troop, or other immediate commander, when the man seeking discharge shall make application and furnish satisfactory proof under

oath that further service in the National Guard will entail great loss and unusual hardship upon him; such discharge shall not be granted when a man is ordered into active service.

6. To a man rendered supernumerary by the reduction of the organization of which he is a member; or who is a member of an organization which may be disbanded.

A dishonorable discharge shall be issued:

1. To a man sentenced by a general court-martial to be discharged;

2. To a man convicted of a felony in a civil court;

3. To a man for neglecting or refusing to pay any fine imposed by a military court within thirty days after it was imposed.

A discharge without honor may be issued:

1. By sentence of a general or summary court-martial;

2. Whenever the commanding officer of a company shall approve the application of two-thirds of the members of the company for the discharge of an enlisted man thereof; *provided*, that at a regular meeting of the company, or at a meeting called for that purpose, two-thirds of the members of the company desire by vote the discharge of one of their members;

3. To a man whose immediate commanding officer applies for his discharge without honor. The application for such discharge shall be directed to the officer authorized to issue it, and shall briefly state the grounds on which the discharge is applied for. The man whose discharge is applied for shall be entitled to be heard in person to explain the statements contained in the application and shall have ten days' notice of such hearing, a copy of the application and of the notice of time and place of hearing being served on the man in the same manner as warnings for duty are given. If the officer authorized to issue the discharge approves of the application of the immediate commanding officer after the conclusion of the hearing above provided for, he will issue the discharge, and if he disapproves, the man will not be discharged;

4. The officers authorized to issue discharges may also upon application of company commanders, discharge without honor, if convinced after proper investigation that such discharge should be issued, any enlisted man who habitually absents himself from the drills and instruction of his organization, or has shown a lack of interest in his military work sufficient to warrant the same;

5. Or any enlisted man may be discharged without honor for the good of the service by the commanding officer of the regiment, coast artillery corps or unattached battalion or squadron, or if a member of an unattached company or troop, by the Brigade Commander, or in other instances by the Commander-in-Chief, upon the recommendation of a company or troop commander and after a careful investigation by the officer issuing the discharge.

The officers authorized to issue the discharges hereinbefore specified are: The commanding officer of a regiment, or of a battalion or squadron not part of a regiment or the coast artillery corps; the commanding officer of a brigade for any organization attached to the brigade and not above specified; the commanding officer of the naval militia and the Commander-in-Chief; *provided*, the provisions of this section are in addition to the provisions of the military laws of the United States and the regulations of the United States War Department governing the discharge of enlisted men, when not in conflict with such laws and regulations, which laws and regulations shall have precedence over State laws and regulations in all matters pertaining to the discharge of enlisted men of the National Guard of this State.

SEC. 12. Section 1987 of the said code is hereby amended to read as follows:

1987. If any member of the National Guard absents himself without leave for a period of three months from all drills, or parades of his company, and there is reason to believe that he does not intend to return, he will be carried as a deserter, and his commanding officer will furnish a statement setting out all the facts, forwarding the same through military channels to the Adjutant General, for the action of the Governor, who may authorize the soldier to be dropped as a deserter.

If any member of the National Guard when on duty with his company, by order of the proper authority for the suppression of insurrection, preservation of the peace, or similar duty, wilfully absents himself from his command for more than twenty-four hours, he shall be carried as a deserter, and his commanding officer will take immediate steps to secure such deserter's arrest.

Deserters in time of insurrection, or disturbance of the peace, when captured, or when voluntarily surrendering themselves, will be brought before a court-martial according to the statutes of California and the rules and articles of war.

Lists of deserters will be published by the Adjutant General, in orders, for the information of the National Guard of California.

A deserter will make good the time lost by desertion, unless discharged by competent authority. He will be considered again in the service from the date of his apprehension or surrender; but if a deserter enlists while in desertion, such service shall not be counted as making good time lost by desertion.

A deserter will not be restored to duty without trial except by authority competent to order his trial; such restoration, being ordered in case the desertion is admitted, does not remove the charge of desertion or relieve the soldier from any

of the forfeitures attached to that offense; he must make good the time lost by desertion, refund the expenses paid for apprehension and delivery, and forfeit pay while absent. The same authority is competent to set aside a charge of desertion as having been erroneously made and his order to this effect operates to remove the charge of desertion and all stoppages and forfeitures arising therefrom.

Members of the National Guard not charged with crime, discovered to be deserters from the Army, Navy, or Marine Corps, will be dropped from the rolls of the National Guard of California. In such case a report will be forwarded to the Adjutant General, stating all the facts connected with the case, by the proper commanding officer.

SEC. 16. Section 2041 of the said code is hereby amended to read as follows:

In case the Legislature does not appropriate sufficient money to pay one dollar per day to each enlisted man participating in joint maneuvers or cruises for instruction, then the money actually appropriated shall be apportioned among, and paid pro rata, to the enlisted men participating, upon estimate made by the Adjutant General in advance of such apportionment and payment.

COMMUNICATION.

The following communication was received, and ordered printed in the Journal:

By Senator Chamberlin:

FRANK O. LOWDEN,

SINNISSIPPI FARM.

OREGON, ILLINOIS, April 9, 1921.

MY DEAR SENATOR CHAMBERLIN: I had hoped to recover sufficiently from my illness to accept the very cordial invitation of your General Assembly to appear before it while I was in California. I had a definite engagement of some standing to make an address at Berkeley on Charter Day and was not certain that I could even keep this engagement until the very day before, as I had been confined to my bed for some little time. At one time I thought I might be able to go directly from Berkeley to Sacramento, but after I had gotten through at Berkeley I did not feel that I had strength sufficient. And then came the unexpected death of Mrs. Lowden's mother, which necessitated our return home. I am greatly disappointed, and I hope that you and your committee will believe that I appreciated greatly the courtesy of the invitation and that I regret exceedingly that I was not able to come.

With best regards, I am, believe me,

Sincerely yours,

FRANK O. LOWDEN.

Honorable Harry A. Chamberlin, Chairman Joint Committee of Senate and Assembly of the State of California, Sacramento, California.

ASSISTANT SECRETARY G. MELVIN WARREN AT THE DESK.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Senator Rigdon:

DEAR SIR: We understand at the present session of the Legislature, there is a scheme proposed to bury the Fish and Game Commission, or in other words, consolidate it with the State Department of Agriculture, which in effect would amount to taking the income of the Fish and Game Commission from licenses sold and sinking it among the common or general State funds, which we believe would permit the use of these funds for other purposes and defeat the purpose of the Fish and Game Commission.

After several years of effort the Fish and Game Commission has built up the revenues of conservation to nearly a half million dollars annually and is self supporting; therefore we believe that it should be permitted to function in the same manner as it has in the past.

We respectfully petition you to use your earnest efforts to defeat any legislation that has for its purpose the elimination of the Fish and Game Commission or the diverting of its funds for any other purpose.

Thanking you in advance, we remain,

Respectfully yours, W. A. POOL, San Luis Obispo,
And 200 others.

Also:

SAN LUIS OBISPO, CALIFORNIA, April 12, 1921.

DEAR SIR: As members of the men's Bible class of the First Presbyterian Church Sunday school of San Luis Obispo, we hereby wish to commend you for your attitude toward the temperance cause and your vote in support of the same.

Very respectfully,

J. H. CHASE, Teacher.
P. O. COLE, President.
JOHN W. THOMPSON, Secretary.

Now, therefore, the said first party in consideration of the premises and in pursuance of the statute in such case made and provided, does hereby grant to the said

second party, his heirs and assigns, that certain real property hereinbefore referred to, and situate in the _____ county of _____, State of California, more particularly described as follows, to wit:

The assessor shall use such report in his determination of the ownership of such property for assessment purposes.

5. (*a*) Whenever in any action at law, it has been or shall be determined by a court that the sale and conveyance provided for in this and the preceding section or in section 3771 of this Code heretofore or hereafter made are void for any reason, and that the purchaser from the State may not be finally awarded the property so purchased, no decree of the court shall be given declaring a forfeiture of the property until the former owner, or other party in interest, shall have repaid to the purchaser the full amount of taxes, penalties and costs paid out and expended by him, to be determined by the court, in pursuit of the State's title to the property so sold. The said purchaser may within one year after such decree becomes final also present a claim against the county, in the manner provided by law, for a refund of the amount paid into the county treasury as the purchase price of such property in excess of the amount for which he may have been reimbursed for taxes, penalties and costs as herein provided, and such excess shall be refunded in accordance with section 3804 of this code.

Explanation of my vote on Senate Bill No. 982, by Senator Breed, appropriating money for support of the University of California: Had not the King Revenue Tax Bill passed I would not have voted for this bill, Senate Bill No. 982, but since the King bill has passed and is now the law it is apparent that there will be ample funds for all proper purposes, and I now personally would rather have any surplus funds that might be in our State treasury used for the university than carried over and used for other miscellaneous purposes.

On page 1 of the printed bill after the enacting clause strike out all of the remainder of the bill and insert the following:

"SECTION 1. All coal, oil, oil shale, gas, phosphate, sodium, and other mineral deposits in lands belonging to the State, or which may become the property of the State, are hereby reserved to the State; *provided*, *however*, that nothing in this act shall apply to lands acquired by the State on a sale of delinquent taxes, except such land, the deed for which is required to be filed in the Surveyor General's office. Such deposits are reserved from sale except upon a rental and royalty basis, as herein provided for; and a purchaser of any lands belonging to the State, or which may become the property of the State, shall acquire no right, title or interest in, or to, such deposits except as hereinafter expressly provided; and the right of such purchaser shall be subject to the reservation of all coal, oil, oil shale, gas, phosphate, sodium, and other mineral deposits, and to the conditions and limitations prescribed by law providing for the State and persons authorized by it to prospect for, mine, and remove such deposits, and to occupy and use so much of the surface of said land as may be required for all purposes reasonably extending to the mining and removal of such deposits therefrom.

SEC. 2. All applications to purchase State lands which may be filed subsequent to the passage of this act, and all sales shall be subject to and contain a reservation to the State of one-sixteenth of all coal, oil, gas, and other mineral deposits in all land so acquired, as hereinafter provided for, and all certificates of purchase and patents issued therefor, shall contain such reservation.

SEC. 3. The Surveyor General may from time to time classify any or all State land for its different possible values and uses, and, when he deems it advisable,

may require the State Mineralogist, Director of Agriculture or other organization, agency or institution of the State so created to make such classification. It is hereby expressly made the duty of any such officer, organization, agency or institution to make such classification and to render a report thereon upon the application of the Surveyor General.

SEC. 4. The Surveyor General is hereby authorized, upon the payment to him of fifty cents per acre, for each acre in area embraced within the boundaries of the lands proposed to be prospected and under such rules and regulations as he may prescribe, to grant to any person or association of persons, who are residents of the State of California and citizens of the United States or who have declared their intention of becoming such, or corporations twenty per cent of whose stockholders are citizens of the United States, a prospecting permit, which shall give the exclusive right, for a period not exceeding two years, to prospect for oil or gas, upon not exceeding six hundred and forty acres of land wherein such deposits of oil or gas belong to the State and are not within any known geological structure of a producing oil or gas field, upon condition that the permittee shall begin drilling operations within six months from the date of the permit and shall within one year from and after the date of the permit, drill one or more wells for oil or gas to a depth of not less than one thousand feet each, unless valuable deposits of oil or gas shall be sooner discovered, and shall, within two years from date of the permit, drill for oil or gas to an aggregate depth of not less than two thousand feet unless valuable deposits of oil or gas shall be sooner discovered. The Surveyor General may, if he shall find that the permittee has been unable with the exercise of diligence to test the land in the time granted by the permit, extend any such permit for such time, not exceeding two years, and upon such conditions as he shall prescribe. Whether the lands sought in any such application and permit are surveyed or unsurveyed the applicant shall, prior to filing his application for permit, locate such land in a reasonably compact form and according to the legal subdivisions of the public land surveys if the land be surveyed, and in an approximately square or rectangular tract; if the land be an unsurveyed tract, the length of which shall not exceed two and one-half times its width, the land to be surveyed by the Surveyor General at the expense of the applicant for the permit in such form as the Surveyor General shall deem to be to the best interest of the State; *provided, however*, that in case of prospecting permits and leases to cover bed, lake bed, overflowed, tide and submerged lands, the width or length of the prospecting permit or lease along the shore line, measured on an east and west or north and south line, shall not exceed one-quarter mile. If the applicant shall cause to be erected upon the land for which a permit is sought a monument not less than four feet high, at some conspicuous place thereon, and shall post a notice in writing on or near said monument, stating that an application for permit will be made within thirty days after the date of posting said notice, giving the name of the applicant, the date of the notice, and such a general description of the land to be covered by such permit by reference to courses and distances from such monument and such other natural objects and permanent monument as will reasonably identify the land, stating the amount thereof in acres, he shall during the period of thirty days following such marking and posting, be entitled to a preference right over others to a permit for the land so identified; *provided, however*, that applicant shall, as a part of his application for a permit, show that within two days after the posting of the said notice, he recorded a copy of the same in the county recorder's office of the county in which the said land is situated. The applicant shall, within ninety days after receiving a permit, mark each of the corners of the tract described in the permit upon the ground with substantial monuments, so that the boundaries can be readily traced on the ground, and shall post in a conspicuous place upon the lands a notice that such permit has been granted and a description of the lands covered thereby; *provided, however*, that where the boundaries of the land sought to be prospected or developed under lease are wholly or partially in river or lake beds, overflowed, tide and submerged lands, the notice shall be conspicuously posted on a monument as close to a corner of the land as possible and shall specifically describe the area to be developed by courses and distances so that the limits of the area can be easily determined; *provided, further, however*, that in no case shall permits or leases be granted covering tide, overflowed or submerged lands fronting on an incorporated city or for a distance of one mile on either side thereof; *provided, further, however*, that in case of an application for a permit or lease covering tide, overflowed or submerged land by anyone other than the littoral or riparian proprietor, said littoral or riparian proprietor shall have six months within which to file an application for a permit or lease, but if said littoral or riparian proprietor fails to comply with the requirements of this act and its rules and regulations made in pursuance hereof, his preferential rights shall thereupon cease and forever be terminated, and the original applicant shall be permitted to proceed with his application.

SEC. 5. Upon establishing to the satisfaction of the Surveyor General that valuable deposits of oil or gas have been discovered within the limits of the land embraced in any permit, the permittee shall be entitled to a lease for one-fourth of

the land embraced in the prospecting permit; *provided*, that the permittee shall be granted a lease for as much as one hundred and sixty acres of said lands, if there be that number of acres within the permit. The area to be selected by the permittee shall be in compact form and if surveyed, to be described by the legal subdivision of the public land surveys; if unsurveyed, to be surveyed, by the Surveyor General at the expense of the applicant for lease in accordance with rules and regulations to be prescribed by the Surveyor General, and the lands leased shall be conformed to and taken in accordance with the legal subdivisions of such surveys; deposits made to cover expense of survey shall be deemed appropriated for that purpose, and any excess deposit may be repaid to the person or persons making such deposits or their legal representative. Such lease shall be for a term of twenty years upon a royalty of five per centum in amount or value of the production and the annual payment in advance of a rental of one dollar per acre, the rental paid for any one year to be credited against the royalties as they accrue for that year, with the right of renewal as prescribed in section eight hereof. The permittee shall also be entitled to a preference right to a lease for the remainder of the land in his prospecting permit at a royalty of not less than twelve and one-half per centum in amount or value of the production, and under such other conditions as are fixed for oil or gas leases in this act, the bonus and royalty to be determined by competitive bidding or fixed by such other method as the Surveyor General may by regulations prescribe; *provided*, that the Surveyor General shall have the right to reject any and all bids.

SEC. 6. Until the permittee shall apply for lease to the one-quarter of the permit area heretofore provided for he shall pay to the State of California twenty per centum of the gross value of all oil or gas secured by him from the lands embraced within his permit and sold or otherwise disposed of, or held by him for sale or other disposition.

SEC. 7. All permits and leases of lands containing oil or gas, made or issued under the provisions of this act, shall be subject to the condition that no wells shall be drilled within two hundred feet of any of the outer boundaries of the lands so permitted or leased, unless the adjoining lands have been patented or the title thereto otherwise vested in private owners, and to the further condition that the permittee or lessee will, in conducting his explorations and mining operations, use all reasonable precautions to prevent waste of oil or gas developed in the land, or the entrance of water through wells drilled by him to the oil sands or oil bearing strata, to the destruction or injury of the oil deposits. Violations of the provisions of this section shall constitute grounds for the forfeiture of the permit or lease, to be enforced through appropriate proceedings in courts of competent jurisdiction.

SEC. 8. All unappropriated deposits of oil or gas situated within the known geologic structure of a producing oil or gas field and the unentered lands containing the same not subject to preferential lease, may be leased by the Surveyor General to the highest responsible bidder by competitive bidding under general regulations to qualified applicants in areas not exceeding six hundred and forty acres and in tracts which shall not exceed in length two and one-half times the width, the surveyed land to be leased according to legal subdivisions, the unsurveyed land to be surveyed by the Surveyor General, at the expense of the lessee, in such form as the Surveyor General shall deem to be to the best interest of the State; *provided, however*, that in case of leases to river bed, lake bed, overflowed, tide and submerged lands, the width or length of the lease along the shore line, measured on an east and west or north and south line, shall not exceed one-quarter mile, such leases to be conditioned upon the payment by the lessee of such bonus as may be accepted and of such royalty as may be fixed in the lease, which shall not be less than twelve and one-half per centum in amount or value of the production, and the payment in advance of a rental of not less than one dollar per acre per annum thereafter during the continuance of the lease, the rental paid for any one year to be credited against the royalties as they accrue for that year. Leases shall be for a period of twenty years, with the preferential right in the lessee to renew the same for successive periods of ten years upon such reasonable terms and conditions as may be prescribed by the Surveyor General, unless otherwise provided by law at the time of the expiration of such periods.

Whenever the average daily production of any oil well shall not exceed ten barrels per day, the Surveyor General is authorized to reduce the royalty on future production when in his judgment the wells can not be successfully operated upon the royalty fixed in the lease. The provisions of this paragraph shall apply to all oil and gas leases made under this act.

SEC. 9. The right to prospect, and lease lands containing any other minerals shall be acquired in a similar manner as the right to prospect for and develop oil and gas, under such reasonable and proper rules and regulations, as the Surveyor General shall from time to time prescribe.

SEC. 10. For the purpose, however, of promoting the sale of State land, and the more active cooperation of the owner of the soil, and to facilitate the development of its mineral resources the State hereby constitutes the purchaser of the soil, its agent for the purposes herein named and in consideration hereof, relinquishes to and vests in the purchaser of State lands an undivided fifteen-sixteenth of all oil and gas and the value of the same that may be upon or within any State land

purchased after the passage of this act. The purchaser of the soil is hereby authorized to sell or lease to any person, firm or corporation the oil and gas and other minerals that may be thereon or therein upon such terms and conditions as such purchaser and owner may deem best, subject, however, to the provisions of this act and the reservations herein contained; *and provided, further*, that the lessee or purchaser shall in every case pay to the State an undivided one sixteenth of the mineral produced or the value thereof at the well or mine as may be determined by the Surveyor General; *provided, further, however*, that upon the discovery of oil or gas in paying quantities on adjoining lands the purchaser shall within three months thereafter begin or cause to be started the drilling of a well upon his land, which drilling shall be continuous, as may be provided for by appropriate rules and regulations prescribed by the Surveyor General.

SEC. 11. The Surveyor General shall reserve and may exercise the authority to cancel any prospecting permit or lease upon failure by the permittee to exercise due diligence and care in the prosecution of the prospecting work in accordance with the terms and conditions stated in the permit or lease and shall insert in every such permit or lease issued under the provisions of this act appropriate provisions for its cancellation by him.

SEC. 12. No person, association or corporation, shall take or hold, under the terms of this act, more than one oil or gas permit or lease; no corporation shall hold any interest as a stockholder of another corporation in more than one lease; and no person or corporation shall take or hold any interest or interests as a member of an association or associations or as a stockholder of a corporation or corporations holding a lease under the provisions hereof, which, together with the area embraced in any direct holding of a lease, under this act, or which, together with any other interest or interests as a member of an association or associations or as a stockholder of a corporation or corporations holding a lease under the provisions hereof, for any kind of mineral leased hereunder, exceeds in the aggregate an amount equivalent to the maximum number of acres of the respective kinds of minerals allowed to any one lessee under this act. Any interests held in violation of this act shall be forfeited to the State of California by appropriate proceedings for that purpose in the superior court for the county in which the property, or some part thereof, is located, except that any ownership or interest forbidden in this act which may be acquired by descent, will, judgment, or decree may be held for two years and not longer after its acquisition; *provided*, that nothing herein contained shall be construed to limit or to prevent any number of lessees under the provisions of this act from combining their several interests so far as may be necessary for the purposes of constructing and carrying on the business of a refinery, or of establishing and constructing as a common carrier a pipe line or lines of railroads to be operated and used by them jointly in the transportation of oil from their several wells, or from the wells of other lessees under this act, or the transportation of coal; *provided, further*, that if any of the lands or deposits leased under the provisions of this act shall be subleased, trusteed, possessed, or controlled by any device permanently, temporarily, directly, indirectly, tacitly, or in any manner whatsoever, so that they form part of, or are in anywise controlled by any combination in the form of an unlawful trust, with consent of lessee, or form the subject of any contract or conspiracy in restraint of trade in the mining or selling of coal, phosphate, oil, oil shale, gas, or sodium entered into by the lessee, or any agreement or understanding, written, verbal, or otherwise to which such lessee shall be a party, of which his or its output is to be or become the subject, to control the price or prices thereof or of any holding of such lands by any individual, partnership, association, corporation, or control in excess of the amounts of lands provided in this act, the lease thereof shall be forfeited by appropriate court proceedings.

SEC. 13. Rights of way through all State lands are hereby granted for pipe-line purposes for the transportation of oil or natural gas to any applicant possessing the qualifications provided in section 4 of this act, to the extent of the ground occupied by the said pipe line and twenty-five feet on each side of the same under such regulations as to survey, location, application, and use as may be prescribed by the Surveyor General and upon the express condition that such pipe lines shall be constructed, operated, and maintained as common carriers; *provided*, that the Surveyor General shall in express terms reserve and shall provide in every lease of oil lands hereunder that the lessee, assignee, or beneficiary, if owner or operator or owner of a controlling interest in any pipe line or of any company operating the same which may be operated accessible to the oil derived from lands under such lease, shall at reasonable rates and without discrimination accept and convey the oil of the State or of any citizen or company not the owner of any pipe line, operating a lease or purchasing gas or oil under the provisions of this act; *provided*, that no right of way shall hereafter be granted over said lands for the transportation of oil or natural gas except under and subject to the provisions, limitations, and conditions of this section. Failure to comply with the provisions of this section or the regulations prescribed by the Surveyor General shall be ground for forfeiture of the grant by appropriate proceedings prosecuted in the superior court for the county in which the property, or some part thereof, is located; *and provided, further*, that all of the rights and privileges as are now, or as may hereafter be provided by law, respecting the acquisition of rights of ingress and egress over the property

of another, by proceedings in eminent domain, are hereby expressly given to a permittee or lessee so that such permittee or lessee may carry on the operations contemplated under the terms of this act.

SEC. 14. Any permit, lease, occupation, or use permitted under this act shall reserve to the Surveyor General the right to permit upon such terms as he may determine to be just, for joint or several use, such easements or rights of way, including easements in tunnels upon, through, or in the lands leased, occupied, or used as may be necessary or appropriate to the working of the same or of other lands containing the deposits described in this act, and the treatment and shipment of the products thereof by or under authority of the State, its lessees, or permittees, and for other public purposes; *provided*, that said Surveyor General, in his discretion, in making any lease under this act, may reserve to the State the right to lease, sell, or otherwise dispose of the surface of the lands embraced within such lease under existing law or laws hereafter enacted, in so far as said surface is not necessary for use of the lessee in extracting and removing the deposits therein; *provided, further*, that if such reservation is made it shall be so determined before the offering of such lease; *and provided, further*, that the said Surveyor General, during the life of the lease, is authorized to issue such permits for easements herein provided to be reserved.

SEC. 15. No lease issued under the authority of this act shall be assigned or sublet, except with the consent of the Surveyor General. The lessee may, in the discretion of the Surveyor General, be permitted at any time to make written relinquishment of all rights under such a lease and upon acceptance thereof be thereby relieved of all future obligations under said lease, and may with like consent surrender any legal subdivision of the area included within the lease. Each lease shall contain provisions for the purpose of insuring the exercise of reasonable diligence, skill, and care in the operation of said property; a provision that such rules for the safety and welfare of the miners and for the prevention of undue waste as may be prescribed by said Surveyor General shall be observed, including a restriction of the workday to not exceeding eight hours in any one day for underground workers except in cases of emergency; provisions prohibiting the employment of any boy under the age of sixteen or the employment of any girl or woman, without regard to age, in any mine below the surface; provisions securing the workmen complete freedom of purchase; provision requiring the payment of wages at least twice a month in lawful money of the United States, and providing proper rules and regulations to insure the fair and just weighing or measurement of the coal mined by each miner, and such other provisions as he may deem necessary to insure the sale of the production of such leased lands to the public at reasonable prices, for the protection of the interests of the State, for the prevention of monopoly, and for the safeguarding of the public welfare.

SEC. 16. Any permit or lease issued under the provisions of this act may be forfeited and canceled by an appropriate proceeding in the superior court for the county in which the property, or some part thereof is located, whenever the lessee or permittee fails to comply with any of the provisions of the permit or the lease, or of the general regulations promulgated under this act and in force at the date of the lease or permit; and the lease may provide for resort to appropriate methods for the settlement of disputes or for remedies for breach of specified conditions thereof.

SEC. 17. Any person, or association of persons, corporate or otherwise, who enters or has entered upon any land or lands coming under the provisions of this act, and who is holding, or attempting to hold or develop, any such land, is guilty of a trespass, and the claims being exerted are hereby declared to be null and void, and any property placed upon the said land is hereby declared forfeited to the State, and the Surveyor General is hereby authorized and empowered to issue a prospector's permit or lease on the said land to any qualified claimant who shall comply with the provisions of this act after it becomes effective; *provided, however*, that the Surveyor General may, and he is hereby expressly authorized and empowered to grant a lease, on a royalty of twelve and one-half per centum of the production, to any qualified person, or association of persons, corporate or otherwise, who shall apply therefor within three months after the passage of this act, and who at least six months prior to the passage of this act was operating a producing well or wells, or who was drilling the same, or actually mining for or otherwise developing the mineral products on the said area of lands; *provided, further, however*, that in case of such a lease the area shall be limited to that which is necessary for the operation of the wells or mines, and the Surveyor General shall have the right to call for competitive bids for the lease or leases upon the surrounding area of lands as hereinbefore provided for.

SEC. 18. The Surveyor General of the State is authorized to prescribe necessary and proper rules and regulations and to do any and all things necessary to carry out and accomplish the purposes of this act, also to fix and determine the boundary lines of any structure, or oil or gas field, for the purpose of this act.

SEC. 19. All moneys received by the Surveyor General under the provisions of this act from rents, fees, bonuses and royalties accruing from the use of State school land shall be paid into the "school fund," all other moneys received under the provisions of this act shall be deposited in the "general fund."

SEC. 20. For the purposes of administering this act, there is hereby appropriated out of any money in the State treasury, not otherwise appropriated, the sum of ten thousand dollars to be expended by the Surveyor General; and the State Controller is directed to draw his warrant in favor of the person or persons entitled to the same, upon demand of the Surveyor General approved by the Board of Control, and the State Treasurer is directed to pay the same.

SEC. 21. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

SEC. 22. All acts and parts of acts, inconsistent herewith, are hereby repealed."
